AVIATION CLUB WILL BE ORGANIZED HERE

Members May Receive Instruction and Qualify for Pilot's License

Boys and men of the lake region who are ambitious to enter the field of aviation will have their chance during the coming months, according to plans now being made for the organization of the Lakes Region Flying club.

Boys over sixteen years old may receive pilot's license from the government upon satisfactory completion of the course, according to William M. Solberg, one of the sponsors of the proposed club. A nominal amount will be charged members as dues, and expenses incidental to the management will be prorated. Flying instructions will be charged for at hourly rates.

Solberg will be the club's instructor. He was chief aviation pilot while in military service at Great Lakes where he served four years as instructor in flying. At the close of his enlistment he became a commercial pilot and licensed flying instructor.

Club members will have the use of a modern dual-control monoplane as a training ship, and arrangements are being made to have fields at McHenry, Antioch, Lake Villa and Fox Lake. Ground instruction will also be available to club members, Solberg said.

Those who wish to become members of the club may leave their names at the office of the Antioch News and they will be notified of the time and place of the organization meeting to be held in the near future.

GUN CLUB PLANS EVENING PROGRAM

Discussions, Movies and Refreshments Will Be Among Features

A well-filled evening is in store for members of the Antioch Rod and Gun club at the meeting they will hold Monday evening at 8 o'clock in Antioch Township High school.

Discussions will be held on the following subjects:

"The Six-cent Bounty on Crows."
"The Increase of Fox in this Locality."
"Spring Fishing."
"Pheasant Allotments."

Motion pictures of an appropriate nature will be shown and refreshments are to be served.

Friends and wives of members will be welcome to attend the meeting, it is emphasized by officers of the club.

James S. Runyard Dies in Kenosha

Funeral services were held at the Wilmet Methodist church Saturday afternoon for James S. Runyard, 87, who died at the Convalescent Home in Kenosha Wednesday after a long illness.

Runyard came to Kenosha county at the age of seven with his parents, who were from Dorchester, England. The family moved directly to Salem township and took up farming. Runyard continued to live at the old homestead until 1919. He then retired and moved to the village of Wilmet, where he resided until taken ill in 1937.

He was born in Dorchester, England, June 24, 1851, the son of John and Anne Runyard.

He received his education in the schools of Salem township. He was a devout Christian, being a member of the Methodist church at Wilmet, and until a few years ago was active in the civic life of Wilmet.

Surviving are two sisters-in-law, Mrs. Ellen Runyard and Mrs. Walter Runyard of Wilmet and several nieces and nephews.

Burial was in the family plot of the Wilmet cemetery.

E. O. Barron, Retired Grayslake Farmer, Dies

Funeral services were held Monday in the Grayslake Methodist church for Edwin O. Barron, retired Grayslake farmer, who died last Thursday in Victory Memorial hospital, Waukegan, after a long illness. He was 65 years of age. Interment was in Avon cemetery. Surviving are his wife, Lottie; a brother, Earl, of Grayslake, and another brother, Henry, of Chicago.

Lake County Is Now One Hundred Years Old

Lake county celebrated its one hundredth birthday anniversary yesterday. An act separating it from McHenry county was signed by the Illinois general assembly on March 1, 1839.

Firemen Feast on Fish From Florida

"Just a little bit different" was the fish fry held by the Antioch Township Fire department Tuesday evening in the fire station, for the fish had been sent up from Roseland, Fla., by George Garland and William Rosing, who were vacationing there.

Garland and Rosing also got back from Florida in time to be there themselves, and were guests of honor. Twelve firemen from Silver Lake and four from Lake Villa were among the 50 persons present.

The business meeting was devoted mainly to plans for the benefit boxing and wrestling match to be sponsored by the firemen March 24.

The local department voted to send letters to Representatives Keller, Kelsey and Bolger urging their support of the proposed pension bill for volunteer firemen.

NEW BUILDING NEAR COMPLETION

Two Store Structure on Main Street to House Eat Shop, Store

Activity centering around the new two-store building which has been under process of construction on the "Morley estate" property at 900 Main street, Antioch, will come to a climax with the opening of Mr. and Mrs. C. E. Howard's new "Eat Shop" and Fountain Service in the near future.

Mr. and Mrs. Howard, whose attractive home is located adjacent to Camp Lake and Silver Lake, will operate their establishment as a luncheon counter, sandwich shop and soda fountain in the north store. The store in the south half of the building will be rented.

An "opening" and "housewarming" are being planned by Mr. and Mrs. Howard for the near future, and they will hold their official "grand opening" sometime in May.

To Welcome Visitors

Visitors will be given an opportunity within a few days to inspect the interior of the new building, which, with its blue terra-cotta front and silvery "mono-metal" trim, has attracted a great deal of admiration.

The interior of the "eat shop" carries out the silver and blue theme. The woodwork is of natural color oak, with fixtures of bleached oak and chromium. Blue-covered seats, ivory walls and plate-glass mirrors continue the colors.

The ceiling has been specially insulated to insure coolness in summer and warmth in winter. All equipment, including a stainless steel fountain, a stainless steel drain board, and electric rotary glass washer, is extremely modern and up-to-date.

Plan Prize Contest

A prize contest to select a name for the new eat shop is planned by Mr. Howard. Rules will be announced soon.

Mr. Howard is a grandson of James and Mary Hunt, who came to Antioch about 75 years ago from the town of Leek in Lancashire county, England, and settled on what is now the Barthel farm north of the village. They later settled on the Salem schoolhouse road, opposite the Orvis farm. The 20 acres purchased by Mr. and Mrs. Howard several years ago for their present Camp Lake home are located on a part of the old Hunt homestead.

Attends Funeral of Father in Chicago

Mrs. Walter Sorenson of Antioch was called to Chicago last week by the passing of her father, Henry H. Hewlett, who died Feb. 20, at the age of 89 years.

Mr. Hewlett came to America about 70 years ago from Somerset, England, where he was born July 1, 1849.

Surviving him are his two sons, Charles of Chicago, Phillip of Brentwood, Mo., and a daughter, Mrs. Walter Sorenson of Antioch, 22 grandchildren and 18 great grandchildren.

Two Cars Collide, Hit Still Another

Cars driven by Willard Alwardt, Lake Villa, and Roy Rioux, Libertyville, skidded into a parked automobile when they collided at the intersection of Loon Lake road and Milwaukee avenue in Millburn.

County Firemen See First Aid Demonstrated

A demonstration of first aid for burns and electric shock was given at a meeting of the Lake County Firemen's association Monday evening in Deerfield.

JEFFERSON BUYS CRANDALL ICE CO.

Crandall Will Devote Entire Time to Northern Resort

The wholesale and retail business of the Crandall Ice company has become the property of the Jefferson Ice Co., Les Crandall, former owner and manager of the business, announced this week. The Jefferson company, one of the largest ice companies in the middle west, is now in active charge of the business. The company operates plants in many towns in this locality.

Crandall started in the ice business here 29 years ago. In 1915 he built the first unit of the present large plant at Lake Catherine, and later additions were made as the growth of the business demanded.

Ten years ago Mr. Crandall became interested in the resort business in northern Wisconsin where he purchased an 800 acre tract of land with over two miles of shore line on Lake Namakagon. The building of five modern log cabins was the start of an ambitious program to build an ultra modern resort for vacationists. He now has completed 12 buildings on the lake shore and will erect two more before the start of the resort season this year. The house-keeping cabins with "all modern conveniences in the midst of nature" have proved to be extremely popular with vacationists who return every year to Lake Namakagon, and has necessitated a continual increase in facilities. The business demands the entire time of the owner, which, Crandall states, was the reason for the sale of his ice business here.

MRS. FAIRMAN, LONG ILL, PASSES AWAY

Funeral Services Are Held Tuesday for Lake Villa Resident, 69

Funeral services were held in St. Peter's church, Antioch, Tuesday morning at 9:30 o'clock for Mrs. Mary E. Fairman, a life-long resident of Lake Villa. Burial was in St. Patrick's cemetery, Newport township.

Mrs. Fairman, who was 69 years of age, had been in ill health since last September. She died Saturday noon at the home of her daughter, Mrs. Arthur W. Gelden, with whom she resided. She was a daughter of the late Mr. and Mrs. Daniel Sheehan, pioneer settlers.

Surviving besides Mrs. Gelden are a son, Earl Fairman, of Lake Villa, and two grandchildren.

She is also survived by two brothers, Will Sheehan and Eugene Sheehan, and a sister, Mrs. Margaret Hutchinson, of Waukegan.

Antioch Woman Lands Nine-foot Sailfish

A sail-fish nine feet long and weighing 179 pounds was the trophy brought back by Mrs. Chase Webb of Antioch from a deep-sea fishing excursion at Acapulco, Mexico.

Mrs. Webb was one of a party of five who went on a fishing trip aboard a motor boat, about 15 miles out in the ocean. Two sail-fish, a shark and a turtle, the latter weighing 100 pounds, composed the total "catch."

Mrs. Webb reported that the party saw seven whales during the course of the excursion, one of them being only 500 feet from their boat.

She has now gone to Mexico City, where she will stay for some time visiting her son, Morley, before returning to Antioch.

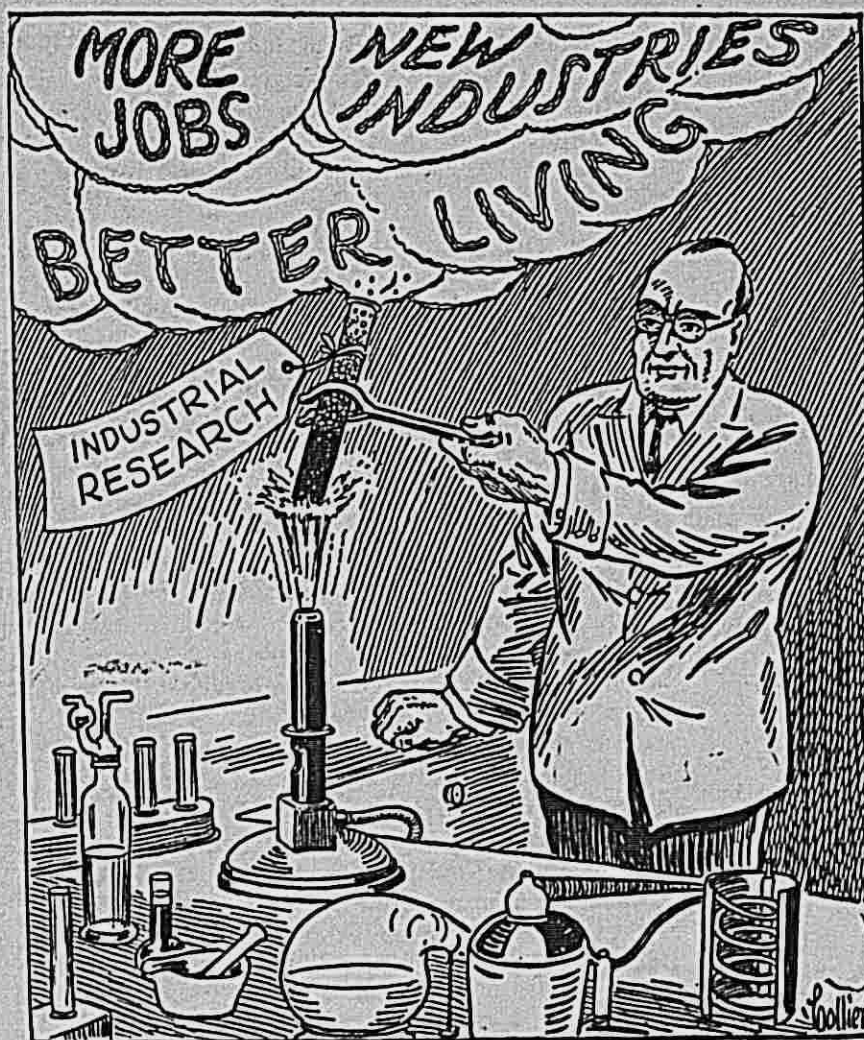

AAA Sign-up Meeting Attended by 70 Farmers

About 70 farmers of Antioch, Avon, Grant and Lake Villa townships attended an Agricultural Adjustment administration sign-up meeting held in the Antioch Township High school Saturday.

The purpose of the meeting was to sign up and make plans for the 1939 Agricultural Conservation program.

Sister of Lake Villa Man Dies in Waukegan

Mrs. Lana Hicks, Waukegan, sister of Waldo Edwards, Lake Villa, died Tuesday morning, at the age of 75. She was the widow of General Hicks, former member of the Waukegan police force, and the daughter of the late Mr. and Mrs. Thomas Edwards, pioneer settlers in Avon township. Surviving are two daughters, two sons, 11 grandchildren and four great-grandchildren.

TO TAKE PART IN LAKE VILLA "QUIZ"

Antioch Lions Send Team to Popular Friday Night Entertainment

A team from the Antioch Lions club will take part in the third of the popular "True-False" quizzes being held under the auspices of the Lake Villa Community.

The "quiz" will be held Friday evening at 8 o'clock in the village hall at Lake Villa, with the Rev. Ira Allen of the Community church acting as "quiz professor."

The Antioch team will consist of L. Q. Bright, captain, A. L. Kucera, Irving Elms, Robert King and Samuel Pollock. They will meet a team of Lake Villa business men.

Special entertainment will be presented between "rounds" of the quiz, and refreshments are to be served afterward. Prizes will be given to the winning team.

Last Friday evening a Royal Neighbor ladies' team met the Lake Villa Firemen's delegation in a quiz. The firemen led until the last round, when the ladies staged a surprise win.

"Efficiency in Home" Will Be Class Topic

Hints on the methods they have found most helpful in promoting efficiency will be requested from the women attending the next meeting of the homemakers' evening class at Antioch High school Wednesday evening, March 8, when "Efficiency in the Home" will be the subject of study.

All homemakers are invited to attend this session, Mrs. Ruby Richey, the instructor, states.

In the agriculture class next Wednesday evening, C. L. Kutil will discuss "The Feeding of Beef Cattle," giving practical details.

One of the largest groups attending the agriculture class to date was present last Wednesday evening when Edward Griffin, formerly an extension worker with the poultry department of Purdue university, was the speaker. Mr. Griffin discussed importance of quality in poultry feeds, stressing mainly their vitamin content.

High School Chorus to Sing at St. Ignatius'

The Antioch High School Choral society, under the direction of Hans Von Holwede, will sing at an Evening service Sunday afternoon at 4:30 o'clock in St. Ignatius' Episcopal church.

The service is one of a special series being held at the church during the Lenten period, and will be open to all who wish to attend.

Guests View Movies Shown for Lions Club

A number of visitors as well as members enjoyed the motion pictures starring Tony Accetta, bait and fly-casting champion, at a dinner-meeting of the Antioch Lions club Monday evening. The pictures, which were made in co-operation with the Isaak Walton League of America, proved highly interesting to the fishing devotees present and were greatly enjoyed.

"ATHLETICS FOR ALL" IS AIM OF H. S. PROGRAM

Every Student Is Given Opportunity to Engage in Some Sport

This week brings to a close the final basketball tournament among the high school boys. Every boy must play on a gym class basketball team during the winter months. This way every boy gets to play if he is on the school team or not. Eighty per cent of the boys in high school never handled a basketball until their Freshman year. At present the Juniors and Sophomores are leading the league.

Spring basketball is going to be introduced this year to build a team for the next season. Coach R. H. Childers states that it is hoped this will help to remedy the poor basket shooting demonstrated by the team this year.

The athletic sports that are now being stressed among the high school boys are boxing, wrestling, gymnastics and baseball. The boys are training for their annual spring Golden Glove Boxing Tournament which will be held March 27-28-29, at 7:30 p. m. Every boy must learn to box and wrestle as part of the required program in the Physical Education department.

Girls Busy, Too
The Girls' athletic department is busy with a telegraphic basketball shooting tournament held throughout the state of Illinois. Besides this they are engaged in gymnastics, volleyball, folk dancing, old time dancing, badminton, and deck tennis.

The point system of the G. A. A. keeps the girls constantly working in athletics to win their numerals and other athletic awards. A ping pong tournament is now in progress and a champion will be decided soon.

Antioch Post Office Project Receives Annual Approval

New federal building projects that have been approved by the treasury and post office department for consideration in any future building program authorized by congress include an allotment of \$70,000 for Antioch.

There are four other eligible projects in Lake county—Barrington, \$95,000; Deerfield, \$70,000; Grayslake, \$70,000, and Zion, \$76,000.

These projects have been mentioned annually as possibilities in Lake county. Possible post office sites are under consideration in Antioch and the four other communities, in the event the projects become realities later on.

CMTC Registrations Open to Young Men

Applications for the Citizens' Military Training camp period this summer at Fort Sheridan may now be made at the offices of Dr. L. J. Zimmerman, Antioch.

Since there is always an over-supply of applicants, it would be wise to sign up as soon as possible, according to Dr. Zimmerman, who is in charge of registrations from this area.

The camp training period is for one month. It is open to boys and young men from 17 to 25 years of age, who must be at least five feet tall and weigh at least 106 pounds. All expenses are paid.

William Schmitz, 89, Dies Month After Wife

Only a little over a month after the death of his wife, Mrs. Teresa Schmitz, William Schmitz, Round Lake, died early Monday morning at the home of their son, the Rev. A. A. Schmitz, pastor of St. Joseph's church at Round Lake.

Mr. Schmitz would have been 90 years old if he had lived till March 24. For the past 15½ years he had lived at Round Lake, having previously made his home in Chicago.

Surviving besides his son is a daughter, Magdalene Schmitz, who also lives at the St. Joseph's rectory. Funeral services were held this morning at 9:30 o'clock in St. Joseph's church. Interment will be at St. Boniface's cemetery, Chicago.

Prowlers Burglarize Murrie Service Station

Sheriff's deputies are investigating the entrance of L. E. Murrie's service station at the intersection of 173 and 54, Antioch, by prowlers Thursday night. A radio, a new tire, 10 packages of cigarettes and some radio tubes were reported missing.

Bristol Residents Present Four Books to Antioch Library

Four new books, designed to serve as guide posts on the road to world peace and security, have been presented to the Antioch Public Library by Mr. and Mrs. A. F. Matthisen, of Bristol.

They are "Security for a Failing World" by Stanwood Cobb; "Baha'ullah and the New Era" by Dr. J. E. Esslemont; "Promise of All Ages" by Christophil and "Some Answered Questions."

"Security for a Failing World" has a message of cheer with regard to the outcome of present world conditions, and points a way out. Prof. Cobb is an internationally known educator and author. His books on child training and character development are widely read.

"Baha'ullah and the New Era" by the late Dr. J. E. Esslemont, a prominent Scotch surgeon, is a thorough exposition of the Baha'i Faith, the most comprehensive to be found in the English language.

Christophil's "Promise of All Ages" is an essay which seeks to promote the cause which Christ loved and so warmly blessed, the cause of peace, and more especially of reconciliation among the churches and nations of Christendom.

"Some Answered Questions" is a volume of 350 pages which consists of answers to the questions of Madame Dreyfus-Barney during her several visits to "Abdu'l-Baha, noted leader of the Baha'i faith and son of its founder. "Some Answered Questions" covers a wide range of the social and religious problems, that 30 years since the conversations took place, are puzzling the thinkers of our own day.

The answers are in the form of table talks by "Abdu'l-Baha, taken down in the original Iranian and translated into English.

Antioch Bows to Ela in Tourney

Antioch Township High school lost to Ela high of Lake Zurich Thursday evening in the second round of the district basketball tournament at Wauconda.

Hebron defeated Grant to win the district championship in the finals.

Schools taking part in the tournament included Wauconda, Richmond, McHenry, Barrington and Northbrook.

Last evening the state regional basketball tournament opened at Waukegan, with Waukegan High playing Lake Forest. Schools taking part include Warren of Gurnee, Northwest conference champion and the only undefeated high school basketball team in the state; Arlington Heights, New Trier, Highland Park, Libertyville and Niles Center.

Sectional finals in the state tournament will be held March 6-11.

Oakland Community Club Will Hold Meeting Mon.

"The Practical Farm Philosophy" is the title of a talk to be given by C. L. Kutil, vocational agriculture instructor at Antioch Township High school, at a meeting of the Oakland School Community club Monday evening in the schoolhouse. Other program features are also being planned.

Grayslake Woman Will Share in Jerase Estate

Mrs. Jean Fellowes, Grayslake, is one of the heirs to the \$200,000 estate left by her mother, Mrs. Celeste Jerase, who died recently in Chicago.

Lions Defeat

Genoa Players

A game with Genoa City at Genoa this evening and a game with Burlington in the Antioch Township High School gymnasium Tuesday evening are on the schedule of the Lions club. The Burlington game will start at 8 o'clock.

The team recently defeated Genoa City in two games, the first with a score of 67-19 and the second by a margin of 40-25.

The box scores:

Antioch	FG	FT	P
King, f	2	0	0
Keulman, f	10	2	0
Murphy, c	6	2	2
Dudley, g	2	0	1
Hawkins, g	1	0	2
Schneider	3	1	1
Steff	7	0	0

Genoa City	FG	FT	P
Denbestin	2	0	0
Gifford	1	0	1
Christianson	0	0	2
Patrick	0	0	2
Gates	3	0	1
Darling	3	0	1
Dangerfield	1	2	0

ANTIOCH	FG	GT	P
King, f	5	3	0
Sheehan, f	3	5	0
Steff, c	2	1	3
McNeal, g	0	1	2
Doolittle, g	4	1	2
Schneider	0	1	1

Genoa City	FG	FT	P
Bjerner	0	0	5
Yankee	1	2	0
Baker	3	3	2
Richter	2	0	5
Jensen	2	0	4
Schuren	0	0	0
Dangerfield	1	2	1
Gates	0	0	1

Gold and Silver in Mexico
Approximately 33 per cent of the world's silver and 2 per cent of its gold is produced in Mexico.

Evening Class Will Hear Poultry Expert

A specialist in poultry feeding and management, Edward Griffin of the Allied Mills of Chicago, will be at the next meeting of the Antioch High School Evening class which will meet Wednesday evening, March 1 at 8 o'clock.

Mr. Griffin is an experienced poultryman and will devote his talk to outlining a good sound procedure for the proper development of the pullet and the proper feeding and management of the layer during its period of production. He will be ready to answer any questions about individual problems anyone may have.

Farm women are especially invited to attend this meeting. The topic for discussion of the home economics adult class Wednesday evening is "New Things in Interior Decoration."

At the last meeting, William Leng of Grayslake gave an interesting discussion and exhibit on furs.

Any adult who is interested is invited to attend these adult classes without charge, it is stated.

Long Lake Man Is Found Dead in Bed

Eugene Sullivan, 70, was found dead in his cottage on the Grub Hill road at Long Lake Tuesday. His death was attributed to heart trouble.

A group of neighbors who became concerned over his welfare when he failed to arrive to get his newspaper, as was his custom, discovered the body.

A sister, Mrs. John McCormick of Libertyville, survives.

County First Aid Courses are Planned

Every industry in Lake county has been included in the invitation to send one or two representatives to the first aid courses to be conducted by the Waukegan-North Chicago and Northern Lake County chapter of the American Red Cross.

A meeting with regard to the course is to be held in the nurses' home of Victory Memorial hospital this evening at 7 o'clock.

STRANGE TRAPS SET BY G-MEN IN WAR AGAINST CRIMINALS

Special Agents Pose as Almost Anything From Cowhand To Insurance Salesman.

WASHINGTON.—The Federal Bureau of Investigation revealed that a federal agent once soothed an irate Tennessee mountaineer with the strains of a violin.

An F. B. I. tabulation showed the department's special agents have posed as almost anything from a cowhand to an insurance salesman. It disclosed that agents could take their places in any of 36 trades, have been employed in 21 different industries and have followed 37 types of business occupation.

The violin-playing G-man had been assigned to hunt a violator of the white slave act. He had walked through rough country to the lonely mountain cabin of the criminal's father. Bureau records show that he entered the cabin where several men were seated—high-powered rifles near at hand. The agent stated his mission, asked if the violator were around and received the answer in "venomous" language that not only would he fail to get his man but he would not be permitted to leave the cabin.

Played Violin.
The agent spied a violin on the mantle and asked if he might play it. His hostile hosts answered affirmatively. Then the agent extracted from memory the tunes he knew as a young man: "Comin' Round the Mountain," "Old Black Joe," and "The Rosary," and then mountain folk songs.

The mountaineer's manner soon softened. He took the agent's hand and allowed him to leave. He also promised to have his son surrender. Less than a month later William Howard submitted to federal authorities, pleaded guilty to the offense, and paid a fine of \$200.

Once, during the hunt for Public Enemy No. 1, Alvin Karpis (now in Alcatraz), a man with a knowledge of Lithuanian was sought to talk with Karpis' elderly father. An agent qualified for the assignment.

One Teaches Skiing.
At one time an agent worked under cover as a skiing instructor. The G-men now have members who qualify in 30 separate sports.

Solution of the famous murder case among the Osage Indians in the early 1920s following the discovery of oil on the reservation was accomplished with the help of an agent who posed as an Indian medicine man. Another circulated through the locality as an insurance salesman and almost sold a policy to the ringleader of the murder conspiracy. Another played the part of an ordinary Texas cowhand.

On the F. B. I.'s list of vocations are 31 mechanics, seven plumbers, 15 painters, 12 cooks—even a blacksmith and a tree surgeon. Their previous business range from ranching to restaurants and from dry cleaning to the study of economy.

In the bureau's investigation following the kidnapping of Charles F. Urschel of Oklahoma City in 1933, an agent posed as a state inspector in order to examine a farm thought to be the hideout of George ("Machine Gun") Kelly and Albert Bates, the kidnapers. He identified the farm from Urschel's description of it by well water with a "mineral taste" drawn from the well with a bucket and rope on a pulley "which made considerable noise."

Corrigan's Double Gets

Free Meal in Pittsburgh
PORTSMOUTH, OHIO.—Being a "dead ringer" for Doug Corrigan, the wrong-way flier, may become rather irksome after a while, but it can have its advantages, too.

Groceryman George Roberts became so tired of people pointing him out as the famous aviator that he took a little vacation trip to Pittsburgh. On arrival he entered a restaurant for dinner.

Throughout the meal he was conscious of muttered consultations between bus boys and waiters and once he caught the head waiter nodding in his direction.

Finally, during the dessert and coffee, the head waiter approached. "You're Corrigan, aren't you?" he asked.

Despite his denials the head waiter, with a confidential chuckle, laughed him off.

"Okay, Mr. Corrigan, I won't say a word," he winked. "But the meal is on the house."

Roberts let the matter rest at that.

Grocers Take Advantage Of Arrest for Cut Sales

SAN RAFAEL, CALIF.—When seven grocers were arrested here on a charge of violating the state fair trade statute which requires that merchandise be sold with at least a minimum profit on each sale, two placed signs on their windows reading "Jailed for selling too cheaply."

'Bill of Rights' for Dogs
GILROY, CALIF.—"Man's best friend" at last came into its own when the city council passed an ordinance establishing a "bill of rights" for dogs. Any dog charged with being a nuisance will have the right of trial before Police Judge Leon Thomas, with its owner present.

Burlington Paper Owned 50 Years by Same Family

For 50 years the Burlington Standard Democrat has been owned and published by the Zimmermann family of Burlington, Wis. The half-century anniversary is the inspiration for a splendid 40-page Golden Jubilee edition of the paper that was received at the offices of the Antioch News this week.

The Jubilee edition provides an interesting panorama of Burlington in the past and in the present. It is a valuable reference source of historical and industrial information concerning the community the paper serves. Biographical sketches of well known persons connected in one manner or another with the story of Burlington add to its value.

The Democrat, a leading Wisconsin weekly, is 76 years old, having been in 1889 and is now owned by his sons, was purchased by L. E. Zimmermann in 1863 and is now owned by his sons, Louis H. and Warner A. Zimmermann.

A. and P. Store Here Gives Bonuses to Clerks

Bonuses totaling \$125 were presented to the five clerks of the Antioch Atlantic and Pacific Tea Company store Wednesday. Similar bonuses are being presented to the clerks in the company's other stores all over the United States.

Largest Buildings
St. Peter's in Rome is not the biggest building in Europe, though guides often give out that information. The Palace of Justice at Brussels covers an area that is 12 per cent greater. In the United States, the capitol of Texas is the largest building devoted to government or public affairs.

Delaware Named for Governor
Delaware derives its name from Thomas West, Lord de la Ware, once governor of Virginia.

'Dawn of the Mountains' Will Be Rotnour Offering

A "hillbilly" drama, "Dawn of the Mountains," will be given by the J. B. Rotnour players next Thursday evening at the Crystal theatre.

Its setting is the Kentucky foothills, and it contains plenty of comedy and action.

This evening, the J. B. Rotnour players are presenting "Dude Ranch." Tickets may be obtained from Antioch merchants listed elsewhere in this issue.

Two-Year-Old Undergoes Appendicitis Operation

George Halvorsen, two-year-old son of Mr. and Mrs. R. Halvorsen of Grass Lake, is convalescing from an appendectomy he underwent at the Burlington hospital Feb. 15. It is said to be unusual for a child under three years of age to undergo an appendicitis operation.

A Garden of Virtues

After all, whatever mysteries may appertain to mind and matter, it is bravery, truth and honor, loyalty and hard work, each man to his post, which makes this planet habitable.—Augustine Birrell.

NOTICE

A United States department of agriculture AAA sign-up meeting for Antioch, Avon, Grant and Lake Villa townships will be held at the Antioch Township High school Saturday, Feb. 25, from 9 a. m. to 4 p. m. A request for inspection must be signed and a farm plan worked out before spring work starts if your farm is to be eligible to participate in the 1939 Agricultural Conservation program. Bring with you your notice of 1939 allotments, and any cropping plans that you have worked out for your farm. If both landlord and tenant plan to attend, they should come at the same time.

Chester A. Faulkner, Pres.,
Lake Co. Agriculture
Conservation Ass'n.

'Pure Dye' Silks
'Pure-dye' silks originally meant that the silk had been dyed "pure," that is, without weighting (which is often used to give body and appearance of quality to silks). Later the term was used to describe silk containing varying amounts of weighting, such as metallic salts and stances that wash out.

ADJUDICATION NOTICE
PUBLIC NOTICE is hereby given that the undersigned Sarah Alice Waters, Executrix of the Estate of William Elbridge Sheehan, deceased, has fixed upon Tuesday, the 2nd day of May A. D. 1939, as the return day for the hearing of all claims against the above named Estate. All persons having claims against said Estate are hereby notified and requested to attend the Probate Court of Lake County, Illinois, on said date at ten o'clock A. M. for the purpose of having said claims adjusted.

SARAH ALICE WATERS.
Samuel Schein, Attorney,
7 S. Dearborn St., Chicago, Ill.
Waukegan, Ill., February 16, 1939.
(Feb. 23-Mar. 2-9)

AVIATION CLUB WILL BE ORGANIZED HERE

Members May Receive Instruction and Qualify for Pilot's License

Boys and men of the lake region who are ambitious to enter the field of aviation will have their chance during the coming months, according to plans now being made for the organization of the Lakes Region Flying club.

Boys over sixteen years old may receive pilot's license from the government upon satisfactory completion of the course, according to William M. Solberg, one of the sponsors of the proposed club. A nominal amount will be charged members as dues, and expenses incidental to the management will be prorated. Flying instructions will be charged for at hourly rates.

Solberg will be the club's instructor. He was chief aviation pilot while in military service at Great Lakes where he served four years as instructor in flying. At the close of his enlistment he became a commercial pilot and licensed flying instructor.

Club members will have the use of a modern dual-control monoplane as a training ship, and arrangements are being made to have fields at McHenry, Antioch, Lake Villa and Fox Lake. Ground instruction will also be available to club members, Solberg said.

Those who wish to become members of the club may leave their names at the office of the Antioch News and they will be notified of the time and place of the organization meeting to be held in the near future.

GUN CLUB PLANS EVENING PROGRAM

Discussions, Movies and Refreshments Will Be Among Features

A well-filled evening is in store for members of the Antioch Rod and Gun club at the meeting they will hold Monday evening at 8 o'clock in Antioch Township High school.

Discussions will be held on the following subjects:

"The Six-cent Bounty on Crows."
"The Increase of Fox in this Locality."

"Spring Fishing."
"Pheasant Allotments."

Motion pictures of an appropriate nature will be shown and refreshments are to be served.

Friends and wives of members will be welcome to attend the meeting, it is emphasized by officers of the club.

James S. Runyard Dies in Kenosha

Funeral services were held at the Wilmot Methodist church Saturday afternoon for James S. Runyard, 87, who died at the Convalescent Home in Kenosha Wednesday after a long illness.

Runyard came to Kenosha county at the age of seven with his parents, who were from Dorchester, England. The family moved directly to Salem township and took up farming. Runyard continued to live at the old homestead until 1919. He then retired and moved to the village of Wilmot, where he resided until taken ill in 1937.

He was born in Dorchester, England, June 24, 1851, the son of John and Anne Runyard.

He received his education in the schools of Salem township. He was a devout Christian, being a member of the Methodist church at Wilmot, and until a few years ago was active in the civic life of Wilmot.

Surviving are two sisters-in-law, Mrs. Ellen Runyard and Mrs. Walter Runyard of Wilmot and several nieces and nephews.

Burial was in the family plot of the Wilmot cemetery.

E. O. Barron, Retired Grayslake Farmer, Dies

Funeral services were held Monday in the Grayslake Methodist church for Edwin O. Barron, retired Grayslake farmer, who died last Thursday in Victory Memorial hospital, Waukegan, after a long illness. He was 65 years of age. Interment was in Avon cemetery. Surviving are his wife, Lottie; a brother, Earl, of Grayslake, and another brother, Henry, of Chicago.

Lake County Is Now One Hundred Years Old

Lake county celebrated its one hundredth birthday anniversary yesterday. An act separating it from McHenry county was signed by the Illinois general assembly on March 1, 1839.

Firemen Feast on Fish From Florida

"Just a little bit different" was the fish fry held by the Antioch Township Fire department Tuesday evening in the fire station, for the fish had been sent up from Roseland, Fla., by George Garland and William Rosing, who were vacationing there.

Garland and Rosing also got back from Florida in time to be there themselves, and were guests of honor. Twelve firemen from Silver Lake and four from Lake Villa were among the 50 persons present.

The business meeting was devoted mainly to plans for the benefit boxing and wrestling match to be sponsored by the firemen March 24.

The local department voted to send letters to Representatives Keller, Kelsey and Bolger urging their support of the proposed pension bill for volunteer firemen.

NEW BUILDING NEAR COMPLETION

Two Store Structure on Main Street to House Eat Shop, Store

Activity centering around the new two-store building which has been under process of construction on the "Morley estate" property at 900 Main street, Antioch, will come to a climax with the opening of Mr. and Mrs. C. E. Howard's new "Eat Shop" and Fountain Service in the near future.

Mr. and Mrs. Howard, whose attractive home is located adjacent to Camp Lake and Silver Lake, will operate their establishment as a luncheon counter, sandwich shop and soda fountain in the north store. The store in the south half of the building will be rented.

An "opening" and "housewarming" are being planned by Mr. and Mrs. Howard for the near future, and they will hold their official "grand opening" sometime in May.

To Welcome Visitors
Visitors will be given an opportunity within a few days to inspect the interior of the new building, which, with its blue terra-cotta front and silvery "mono-metal" trim, has attracted a great deal of admiration.

The interior of the "eat shop" carries out the silver and blue theme. The woodwork is of natural color oak, with fixtures of bleached oak and chromium. Blue-covered seats, ivory walls and plate-glass mirrors continue the colors.

The ceiling has been specially insulated to insure coolness in summer and warmth in winter. All equipment, including a stainless steel fountain, a stainless steel drain board, and electric rotary glass washer, is extremely modern and up-to-date.

Plan Prize Contest
A prize contest to select a name for the new eat shop is planned by Mr. Howard. Rules will be announced soon.

Mr. Howard is a grandson of James and Mary Hunt, who came to Antioch about 75 years ago from the town of Leek in Lancashire county, England, and settled on what is now the Barthel farm north of the village. They later settled on the Salem schoolhouse road, opposite the Orvis farm. The 20 acres purchased by Mr. and Mrs. Howard several years ago for their present Camp Lake home are located on a part of the old Hunt homestead.

Attends Funeral of Father in Chicago

Mrs. Walter Sorenson of Antioch was called to Chicago last week by the passing of her father, Henry H. Hewlett, who died Feb. 20, at the age of 89 years.

Mr. Hewlett came to America about 70 years ago from Somerset, England, where he was born July 1, 1849.

Surviving him are his two sons, Charles of Chicago, Phillip of Brentwood, Mo., and a daughter, Mrs. Walter Sorenson of Antioch, 22 grandchildren and 18 great grandchildren.

Two Cars Collide, Hit Still Another

Cars driven by Willard Alwardt, Lake Villa, and Roy Rioux, Libertyville, skidded into a parked automobile when they collided at the intersection of Loon Lake road and Milwaukee avenue in Millburn.

County Firemen See First Aid Demonstrated

A demonstration of first aid for burns and electric shock was given at a meeting of the Lake County Firemen's association Monday evening in Deerfield.

JEFFERSON BUYS CRANDALL ICE CO.

Crandall Will Devote Entire Time to Northern Resort

The wholesale and retail business of the Crandall Ice company has become the property of the Jefferson Ice Co., Les Crandall, former owner and manager of the business, announced this week. The Jefferson company, one of the largest ice companies in the middle west, is now in active charge of the business. The company operates plants in many towns in this locality.

Crandall started in the ice business here 29 years ago. In 1915 he built the first unit of the present large plant at Lake Catherine, and later additions were made as the growth of the business demanded.

Ten years ago Mr. Crandall became interested in the resort business in northern Wisconsin where he purchased an 800 acre tract of land with over two miles of shore line on Lake Namakagon. The building of five modern log cabins was the start of an ambitious program to build an ultra modern resort for vacationists. He now has completed 12 buildings on the lake shore and will erect two more before the start of the resort season this year. The house-keeping cabins with "all modern conveniences in the midst of nature" have proved to be extremely popular with vacationists who return every year to Lake Namakagon, and has necessitated a continual increase in facilities. The business demands the entire time of the owner, which, Crandall states, was the reason for the sale of his ice business here.

MRS. FAIRMAN, LONG ILL, PASSES AWAY

Funeral Services Are Held Tuesday for Lake Villa Resident, 69

Funeral services were held in St. Peter's church, Antioch, Tuesday morning at 9:30 o'clock for Mrs. Mary E. Fairman, a life-long resident of Lake Villa. Burial was in St. Patrick's cemetery, Newport township.

Mrs. Fairman, who was 69 years of age, had been in ill health since last September. She died Saturday noon at the home of her daughter, Mrs. Arthur W. Gelden, with whom she resided. She was a daughter of the late Mr. and Mrs. Daniel Sheehan, pioneer settlers.

Surviving besides Mrs. Gelden are a son, Earl Fairman, of Lake Villa, and two grandchildren.

She is also survived by two brothers, Will Sheehan and Eugene Sheehan, and a sister, Mrs. Margaret Hutchinson, of Waukegan.

Antioch Woman Lands Nine-foot Sailfish

A sail-fish nine feet long and weighing 179 pounds was the trophy brought back by Mrs. Chase Webb of Antioch from a deep-sea fishing excursion at Acapulco, Mexico.

Mrs. Webb was one of a party of five who went on a fishing trip aboard a motor boat, about 15 miles out in the ocean. Two sail-fish, a shark and a turtle, the latter weighing 100 pounds, composed the total "catch."

Mrs. Webb reported that the party saw seven whales during the course of the excursion, one of them being only 500 feet from their boat.

She has now gone to Mexico City, where she will stay for some time visiting her son, Morley, before returning to Antioch.

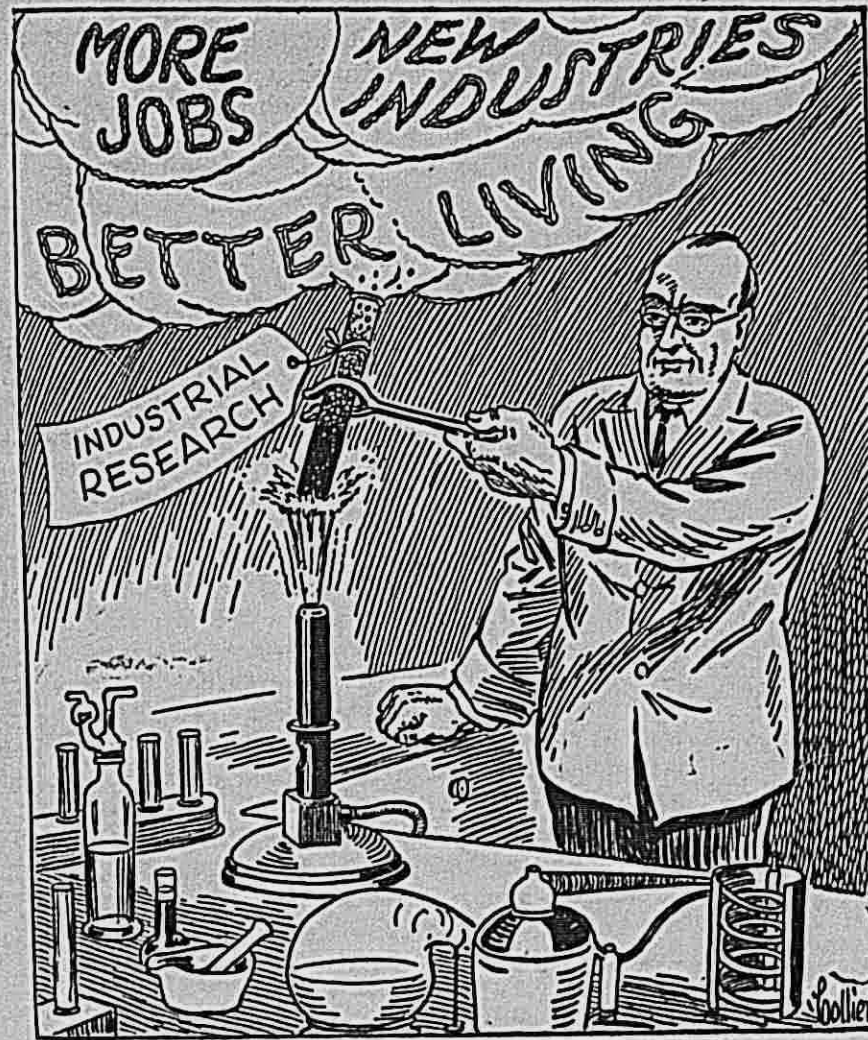

AAA Sign-up Meeting Attended by 70 Farmers

About 70 farmers of Antioch, Avon, Grant and Lake Villa townships attended an Agricultural Adjustment administration sign-up meeting held in the Antioch Township High school Saturday.

The purpose of the meeting was to sign up and make plans for the 1939 Agricultural Conservation program.

Sister of Lake Villa Man Dies in Waukegan

Mrs. Lana Hicks, Waukegan, sister of Waldo Edwards, Lake Villa, died Tuesday morning, at the age of 75. She was the widow of General Hicks, former member of the Waukegan police force, and the daughter of the late Mr. and Mrs. Thomas Edwards, pioneer settlers in Avon township. Surviving are two daughters, two sons, 11 grandchildren and four great-grandchildren.

TO TAKE PART IN LAKE VILLA "QUIZ"

Antioch Lions Send Team to Popular Friday Night Entertainment

A team from the Antioch Lions club will take part in the third of the popular "True-False" quizzes being held under the auspices of the Lake Villa Community.

The "quiz" will be held Friday evening at 8 o'clock in the village hall at Lake Villa, with the Rev. Ira Allen of the Community church acting as "quiz professor."

The Antioch team will consist of L. Q. Bright, captain, A. L. Kucera, Irving Elms, Robert King and Samuel Pollock. They will meet a team of Lake Villa business men.

Special entertainment will be presented between "rounds" of the quiz, and refreshments are to be served afterward. Prizes will be given to the winning team.

Last Friday evening a Royal Neighbor ladies' team met the Lake Villa Firemen's delegation in a quiz. The firemen led until the last round, when the ladies staged a surprise win.

"Efficiency in Home" Will Be Class Topic

Hints on the methods they have found most helpful in promoting efficiency will be requested from the women attending the next meeting of the homemakers' evening class at Antioch High school Wednesday evening, March 8, when "Efficiency in the Home" will be the subject of study. All homemakers are invited to attend this session, Mrs. Ruby Richey, the instructor, states.

In the agriculture class next Wednesday evening, C. L. Kuttel will discuss "The Feeding of Beef Cattle," giving practical details.

One of the largest groups attending the agriculture class to date was present last Wednesday evening when Edward Griffin, formerly an extension worker with the poultry department of Purdue university, was the speaker. Mr. Griffin discussed importance of quality in poultry feeds, stressing mainly their vitamin content.

High School Chorus to Sing at St. Ignatius'

The Antioch High School Choral society, under the direction of Hans Von Holwede, will sing at an Evening service Sunday afternoon at 4:30 o'clock in St. Ignatius' Episcopal church.

The service is one of a special series being held at the church during the Lenten period, and will be open to all who wish to attend.

Guests View Movies Shown for Lions Club

A number of visitors as well as members enjoyed the motion pictures starring Tony Accetta, bait and fly-casting champion, at a dinner-meeting of the Antioch Lions club Monday evening. The pictures, which were made in co-operation with the Isak Walton League of America, proved highly interesting to the fishing devotees present and were greatly enjoyed.

"ATHLETICS FOR ALL" IS AIM OF H. S. PROGRAM

Every Student Is Given Opportunity to Engage in Some Sport

This week brings to a close the final basketball tournament among the high school boys. Every boy must play on a gym class basketball team during the winter months. This way every boy gets to play if he is on the school team or not. Eighty per cent of the boys in high school never handled a basketball until their Freshman year. At present the Juniors and Sophomores are leading the league.

Spring basketball is going to be introduced this year to build a team for the next season. Coach R. H. Childers states that it is hoped this will help to remedy the poor basket shooting demonstrated by the team this year.

The athletic sports that are now being stressed among the high school boys are boxing, wrestling, gymnastics and baseball. The boys are training for their annual spring Golden Glove Boxing Tournament which will be held March 27-28-29, at 7:30 p. m. Every boy must learn to box and wrestle as part of the required program in the Physical Education department.

Girls Busy, Too
The Girls' athletic department is busy with a telegraphic basketball shooting tournament held throughout the state of Illinois. Besides this they are engaged in gymnastics, volleyball, folk dancing, old time dancing, badminton, and deck tennis.

The point system of the G. A. A. keeps the girls constantly working in athletics to win their numerals and other athletic awards. A ping pong tournament is now in progress and a champion will be decided soon.

Antioch Post Office Project Receives Annual Approval

New federal building projects that have been approved by the treasury and post office department for consideration in any future building program authorized by congress include an allotment of \$70,000 for Antioch.

There are four other eligible projects in Lake county—Barrington, \$95,000; Deerfield, \$70,000; Grayslake, \$70,000, and Zion, \$76,000.

These projects have been mentioned annually as possibilities in Lake county. Possible post office sites are under consideration in Antioch and the four other communities, in the event the projects become realities later on.

CMTC Registrations Open to Young Men

Applications for the Citizens' Military Training camp period this summer at Fort Sheridan may now be made at the offices of Dr. L. J. Zimmerman, Antioch.

Since there is always an over-supply of applicants, it would be wise to sign up as soon as possible, according to Dr. Zimmerman, who is in charge of registrations from this area.

The camp training period is for one month. It is open to boys and young men from 17 to 25 years of age, who must be at least five feet tall and weigh at least 106 pounds. All expenses are paid.

William Schmitz, 89, Dies Month After Wife

Only a little over a month after the death of his wife, Mrs. Teresa Schmitz, William Schmitz, Round Lake, died early Monday morning at the home of their son, the Rev. A. A. Schmitz, pastor of St. Joseph's church at Round Lake.

Mr. Schmitz would have been 90 years old if he had lived till March 24. For the past 15½ years he had lived at Round Lake, having previously made his home in Chicago.

Surviving besides his son is a daughter, Magdalene Schmitz, who also lives at the St. Joseph's rectory. Funeral services were held this morning at 9:30 o'clock in St. Joseph's church. Interment will be at St. Boniface's cemetery, Chicago.

Prowlers Burglarize Murrie Service Station

Sheriff's deputies are investigating the entrance of L. E. Murrie's service station at the intersection of 173 and 54, Antioch, by prowlers Thursday night. A radio, a new tire, 10 packages of cigarettes and some radio tubes were reported missing.

THURSDAY, MARCH 2, 1939

Centenarian Wisdom

In 1922 the late Senator Cornelius Cole was 100 years old, and Los Angeles gave him a banquet, at which, his mind as alert as ever, he spoke.

He said, according to the Saturday Evening Post, that he had only one message for those present, and that it had been impressed on him through long experience: namely, that human liberties were won in this country at heavy sacrifice of blood and fortune; that liberty is easily lost; that we must be ready to fight again if necessary to keep it; that we must never suffer any man to arrogate to himself the powers of a king, emperor or dictator.

At that banquet was Paul G. Hoffman, now head of the Studebaker company....Speaking in New York recently, Mr. Hoffman recalled Senator Cole's statement, and said:

"We listened tolerantly because he was an old man, but privately most of us thought he was living in a world of ideas belonging wholly in the past. . . . What did an old man's warning have to do with us? We had just finished making the world safe for democracy.

"I have thought of that address a thousand times. The old senator was not in his dotage. It was we who were blind. Do I need to ask you to think of the countries where in recent years civil and religious liberty has vanished? Do I need to ask you to think of how seriously those liberties are in jeopardy in democratic countries?

"Why are they in jeopardy? Because of pressures operating against free enterprise. Those pressures come from two sources: First, those who are wrongly called economic planners, but who have something in mind quite different from planning — namely, government control of the processes of production and distribution; secondly, from minority groups.

"Special privilege is an invitation to government control, and no business can long survive bureaucratic domination."

"Brain Trust" on the Wane

The signs continue to multiply that the Administration is rapidly losing its hold over the Congress. Anti-New Deal Democrats are growing constantly more rebellious—and even some congressmen who used to be regarded as certain White House stalwarts are beginning to kick over the traces. There seem to be enough votes in the rough coalition of rebellious Democrats and the Republican minority to prevent the passage of any legislation that the lawmakers regard as too experimental or of questionable wisdom.

Disclosure of the President's private dickerings with France has definitely injured his standing in a war-frightened Congress. It has made it probable that if any changes at all are made in our neutrality policy, it will be to strengthen it and to make our economic and diplomatic aloofness from the European powers, democratic as well as totalitarian, as complete as possible. Some old time stalwarts of isolation as Borah and Johnson have found many a potent ally among the younger men in Senate and House.

Some think that the President has decided that the time has come to take a gentler hand with Congress, and to avoid provoking any open break over a major issue.

WILMOT

Eighty friends and relatives gathered at the home of Mr. and Mrs. Charles Rasch for a miscellaneous shower honoring Mr. and Mrs. Norman Rasch on Sunday evening. Cards were played and a lunch served.

Mrs. Paul Voss and daughters, Virgene and Avis, were in Kenosha Saturday.

Mr. and Mrs. G. W. Lewis, Milwaukee, spent Sunday with Mr. and Mrs. Frank Burroughs.

Services at the Lutheran church Sunday morning will be in English at 9:30 and in German at 10:45.

Mr. and Mrs. Oliver Balza and son from Kenosha spent the week-end with Mr. and Mrs. Wm. Harm.

The degree staff of the Park City Lodge I. O. O. F., Kenosha, and twenty-four other members of the Kenosha lodge were at Salem Lodge Monday evening to confer the initiatory degree on a class of several candidates.

The delegation from Kenosha included Louis Powell, Grand Master of the I. O. O. F. of Wisconsin and George Girling, grand chaplain.

Merlin Peterson was home from the Wisconsin University over the week-end.

Mr. and Mrs. Clifford Rasmussen and daughter, Barbara, who are spending the winter months in Florida, were on Treasure Island at St. Petersburg for the week, last week. They are to spend the month of March at Teague's Fishing camp, Alenhurst, Florida.

Mr. and Mrs. J. A. Nolan, Oak Park, and Mr. and Mrs. Fauble, Chicago, were dinner guests Friday of Erminie and Grace Carey.

Mr. and Mrs. Russell Elwood and son, Kenneth, were in Chicago Sunday for the day with Mrs. Bertha Elwood.

Mr. and Mrs. Harry McDougall were in Wheatland on Sunday as the guests of Mr. and Mrs. Gilbert Runkel.

Mr. and Mrs. Bates, of Bristol, moved into the Runyard home on Friday.

Miss Rose Yanny returned Friday from the Burlington hospital where she underwent a major operation.

Miss Ruth Thomas is ill and under the care of Dr. M. W. Alcorn of Burlington.

Funeral services for James Runyard, a former Wilmot resident were held in the M. E. church Saturday afternoon. Burial was in the Wilmot cemetery.

It is a highly significant fact that congressmen are now writing their own laws—proposed legislation no longer comes to the majority leaders all prepared in exact form by some White House adviser, as did important bills a year or so back. The influence of the White House "unofficial family," once known as the Brain Trust, seems on the wane.

The appointment of ex-Representative Amlie (as yet unconfirmed) who has publicly stated that he does not "consider the capitalistic system worth saving," to the ICC, has stirred up a great deal of resentment. So did the appointment of a federal judge to a Virginia bench over the protests of Virginia senators—an appointment which was given a ringing beating, with only nine senators voting to approve the choice. Congress is up on its hind legs and tasting independence—and it's spilling for a fight.

Farmers Object to Wagner Act

Thousands of farmers by petition and letter are urging the repeal or amendment of the Wagner Labor Relations Act "to give agriculture a fair deal," says the American Agriculturist. This seems strange indeed, coming from a large part of the American population supposed to be exempt from the act. It represents the paradox of exempt farmers being involved as well as labor and industry.

The American Agriculturist goes on to say that "Not only are labor and industry involved in this unfair Wagner Labor Act, but farmers are just as much concerned as anyone else. Agriculture is supposed to be exempt under the law, but in practice this exemption means nothing. Thousands of farmers and their organizations all over America are up in arms over this unfair Act, demanding that it be repealed or amended to give agriculture a fair deal.

"American Agriculturist is in receipt of thousands of signed petitions and letters, showing that the northeast farmers are almost unanimous in their opposition to the Act as it is being administered by the Labor Relations Board."

Many Happy Returns!

The Congress of the United States has a birthday March 4. That date marks the 150th anniversary of this greatest of all great American institutions—an institution of the people, by the people and for the people, as Lincoln so aptly described it.

No elaborate ceremonies will mark the occasion, but Americans can well pause on that day and reflect that it is a joyous occasion. Congress, they should remember, is the elected voice of the people in government. It is the people's servant. In other lands, the citizen has no voice in government. Instead, the citizen is the servant of government.

Born of the Constitution, the Congress is the world's best example of self-government. And under self-government America has progressed, in this century and a half, to first rank as a Nation of freedom, equality and justice for all. It has made America the envy of all other peoples.

So, on March 4, we whose freedom is the envy of the world, pay tribute to the institution that exemplifies self-government. Many happy returns of the day. May a free Congress never perish.

According to the Social Security Board, government aid to the needy amounted to \$2,995,705,000 in 1938, exclusive of administrative expenditures, compared with \$2,332,769,000 in 1937. It is estimated that "6,500,000 households . . . about 20,900,000 persons received public aid in December." If we are in a recovery period now, how many would receive aid in a depression?

music committee of the P. T. A. and the Music department of the high school.

Students at the school have voted to publish the school annual yearly. A subscription campaign was started this week for those wishing to receive a copy of the magazine.

HICKORY

Mr. and Mrs. Walter Madsen and family are moving this week to their future home near Union Grove, Wis.

The Misses La June Dufrenhorst and Olive Blott from Hales Corners, Wis., and Miss Esther Rojacki and Carmello Di Chiara from South Milwaukee, Wis., were guests for dinner at the Harrie Tillotson home on Saturday, Feb. 25, in honor of Miss Caryl's birthday on Feb. 28.

Mr. and Mrs. Will Thompson and Helen visited the Wilbur Hunter family at Mundelein Sunday afternoon.

Mrs. Emmet King and Mrs. Austin Savage were guests at the Washington's birthday dinner at the North Prairie Church on Wednesday, Feb. 22.

Clarence Crawford of Waukegan called at the John Crawford home Monday morning of this week.

Mrs. Hilda Wilton and Mrs. Sigurd Nielson and small daughter spent Sunday with the Frank Shonshack family at Bristol.

Mr. and Mrs. Hugo Gussarson and family, also Arthur Hunter, were guests at the Wilbur Hunter home at Mundelein Saturday evening in honor of Master Jerry's ninth birthday anniversary, Feb. 25.

Mrs. J. Pickles spent Sunday afternoon at the D. B. Webb home at Millburn.

Miss Hazel Fields was ill with the flu the first of last week.

Destructive Hawks
Hawks that are considered more or less destructive include the goshawk, with a wingspread of 40 to 42 inches; color dark blue or dull brown. The Cooper's hawk, wingspread 27 to 30 inches, color dull brown or blue gray, streaked or barred; the Sharp-shinned hawk, wingspread 20 to 27 inches, color similar to the Cooper's hawk.

Verdi's Last Opera
"Falstaff," written during his eightieth year, was Verdi's last opera. It is based mainly on Shakespeare's play, "The Merry Wives of Windsor."

Gambles With His Dole Money and Wins

VANCOUVER, B. C. — Frank O'Toole, relief recipient, was \$5,000 richer because he gambled with his relief money. Drawing two weeks wages recently, O'Toole played a hunch, bought a ticket in the Irish sweepstakes. He drew a 100 to 7 chance, for which he accepted an offer of \$5,650 for a half interest in the ticket.

WINS HUGE FORTUNE BY QUICK THINKING

Youth Saves Man From Auto; Heir to Two Million.

NEW YORK.—Picking his way through the thick traffic of Broadway near Forty-third street four years ago, Sidney Swart, then 18 years old and a clerk in an emergency relief bureau, saw an automobile make a quick turn and bear down on an elderly man with a cane. In two seconds the agile Swart reached the unwitting pedestrian and shoved him from the car's path.

Extremely grateful, the older man asked Swart's name and address. He said he desired to express his appreciation in some manner. Two days later Swart received a letter asking him to call at the Waldorf-Astoria. It appeared that the name of the elderly man was Carl Anderson.

Swart lived in two furnished rooms with his sister, Jean, in Brooklyn. He told Anderson about Jean and the latter said he would like to meet her. Anderson also lived with his sister, Miss Gertrude Anderson, 62 years old. Their home was in Sweden. He was a cheese manufacturer, here on business.

Anderson took an immediate fancy to Jean and eventually presented her with a \$20,000 check to travel in Europe.

Some time later, after inducing Swart to change his name to Stewart, he took him to Sweden where Swart, now Stewart, remained two years, receiving a musical education, a small fishing yacht, and an allowance of \$1,000 a month, he says.

Anderson died in August, 1936, leaving his protegee a \$50,000 legacy, and Stewart returned to this country. Then on last October 4 Miss Anderson died and today he received notice that her estate, amounting to approximately \$2,000,000, had been left to him.

Now 22 years old, he plans to engage in radio work and invest some of the fortune in motion picture and night club ventures.

Hunters Quit When Bear Turns Tables on Them

KELSO, WASH. — Clyde Mellitt and Joseph St. Onge returned from a hunting trip to report a fantastic escape from death at the claws of a large black bear.

St. Onge sighted the bear first, and his shot knocked the animal off a log. The hunter laid aside his rifle and climbed over the log. A wounded and enraged beast met him. The hunter turned and fled.

He then called Mellitt and, returning to the place where St. Onge had laid aside his rifle, the two hunters separated in an attempt to pick up the bear's trail.

Mellitt had progressed only a short distance when the bear charged him. A frantic chase ensued, with Mellitt dashing madly around a stump and the wounded bear behind him.

Mellitt's shouts attracted St. Onge, but was afraid to risk a shot for fear of hitting his comrade. Finally, however, he fired a shot into the air and frightened the bear away.

The hunters decided they had been hunting enough for one day, and made no further attempt to follow the wounded animal.

Connecticut Man Sports

Third Set of Teeth at 19
HARTFORD, CONN.—Vincent G. Koehunas is 19 years old, stands 6 feet and weighs 225 pounds.

There's nothing unusual in that, according to the army recruiting station here for there are several "big boys" in the United States' fighting forces, officials pointed out.

But Vincent is a bit different—he is now sporting his third complete set of natural teeth.

According to the youth's parents, the third set replaced the second when Vincent was 15.

Army Sergt. Stanley Kuczewski found the "third edition" to be in perfect condition and the youth passed quickly through the routine physical examination.

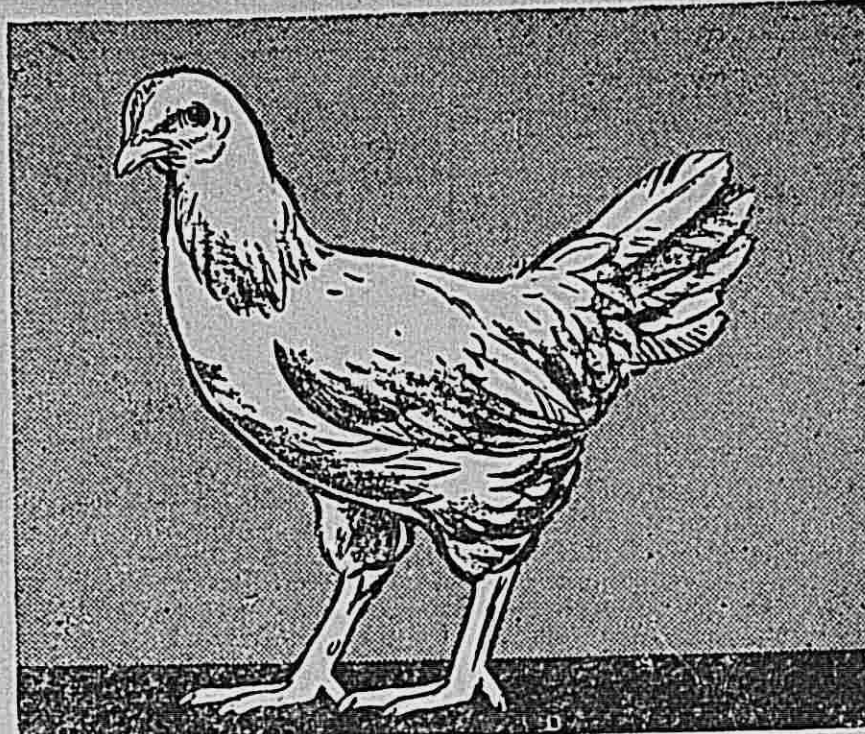

Man Shoots at Pheasant, Finds Only Head on Stick

TURLOCK, CALIF.—Bob Ferrier, hunting with A. H. Hansen recently, first was thrilled and then was disappointed, says the Oakland Tribune. Ferrier and Hansen had hunted all day without any luck. En route home, while driving along a canal bank, Ferrier spotted what he believed to be a pheasant. He shot with accuracy and then went to retrieve his bird.

But it was only the head of a pheasant that some successful hunter had placed on a stick hidden in the grass.

Crypt of Skulls
One of the most gruesome sights that tourists see in Rome, are thousands seem to like the gruesome, is in the crypt of the Capuchin monastery, where five or six rooms are filled with human skulls actually embedded in the walls and ceilings.

Reckless Accusation
"Truth," said the man who quotes, "is at the bottom of a well." "I suppose so," answered the statesman, "and I think it would be equally proper to say that falsehood is a hydrant that anybody can turn on at a moment's notice."

Have Chicks Like This at Six Weeks!

EVERY healthy baby chick has the capacity to grow into a big sturdy bird at 6 weeks. Whether or not they develop to the utmost of their ability depends on you.

When you feed chicks on untried and untested feeds, you get uncertain results at 6 weeks. But if you feed your chicks on Purina Startena, then you know that you are bringing out the very best that breeding put into them. At

6 weeks you have big-framed, sturdy birds, well-developed and well-feathered. There's no comparison between them and chicks fed on ordinary feeds.

Start your chicks on Startena—grow them on Growena. You'll have sturdy chicks at six weeks—you'll have big money-making pullets at 5 months. See us today for your supply of Startena and Growena!

PETER PREACHES TO GENTILES

LESSON TEXT—Acts 10:30-43.
GOLDEN TEXT—Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else.—Isaiah 45:22.

"God is no respecter of persons." Sometimes one wonders whether many of His people know about that glorious attribute of the Godhead. One thing is evident, that very few care to practice this divine principle. Just now the world seems to have gone entirely berserk in its proclamation of race superiority. Along with undue and improper recognition of wealth and position, there has always been in the hearts of men a measure of prejudice against other races. These hatreds seem now to have been fanned to a flaming intolerance of such as are not of what some regard as their own superior race. The more definite this intolerance, the more unlike God people really are. Let us weigh ourselves in the balances and see if we too are found wanting.

I. "In Every Nation" (vv. 30-35). Peter was a Jew, and God now used a vision to teach him a much-needed lesson regarding the carrying of the gospel to the Gentiles. The Jews were (and still are—let us remember it) God's chosen people. However, they were not chosen for their own comfort, convenience, or glory, but that they might be channels for the outflowing of God's blessing to all nations.

Cornelius was typical of those in every nation who are ready for the preaching of the gospel. He was a God-fearing, righteous man, but none the less in need of redemption. God brought this man who was ready to receive the message together with the man Peter who was prepared to preach it, and the result was salvation.

Whatever it may be that keeps us from carrying the gospel to all nations, we ought to recognize as unchristian, and put it aside. It may be race-prejudice, for it still persists; but it may be an equally deadly indifference to the needs of others. Let us, like Peter, go to them and open our mouths (v. 34) to proclaim Christ.

II. "Good Tidings of Peace" (vv. 38-43).

The death of Christ for their sins (v. 39), His resurrection from the dead for their justification (v. 40), the coming judgment for sin (v. 42), and remission of sins in His name—these are the essentials of Peter's message. Note how plain is the truth. Jesus has come and has wrought redemption for all who will believe. Now we must choose whether we want Him to be our Judge or our Redeemer. It is a case of "either—or." Either He is your Saviour, or He will be your Judge.

"God sent not his Son into the world to condemn the world; but that the world through him might be saved. He that believeth on him is not condemned: but he that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God" (John 3:17, 18).

The proclamation of this message of redemption was never completed, even "while Peter yet spake these words, the Holy Spirit fell upon them all" (v. 44). Blessed interruption! Would that we might have more like it in our churches and Bible schools.

III. "The Holy Spirit Fell" (vv. 44-48).

Notice that He came upon "them which heard the word" (v. 44). Book reviews, political addresses, discussion of civic or social problems will not bring the result. Forums, clubs, discussion groups, unless they have for their subject the Word of God, need not expect anything like this to happen. But preaching of the Word of God concerning the person and work of Christ, whether it be in a home (like that of Cornelius) or in the great cathedral (and thank God some of them do have such preaching), will result in some soul finding Christ, and receiving the Holy Spirit.

It is worthy of note that these believers gave evidence of their new-found spiritual life by magnifying God, obeying His word, and testifying to others. It is to the credit of Peter and his companions that they recognized the workings of God's grace in the lives of these Gentiles. May we also be quick to see, appreciate, and encourage every true gospel work, whether it be among our own people or with some other race, whether in our church or in some humble cottage. "God is no respecter of persons."

Revelation Must Speak

Let Reason count the stars, weigh the mountains, fathom the depths—the employment becomes her, and the success is glorious. But when the question is: "How shall man be just with God?" reason must be silent, revelation must speak; and he who will not hear it assimilates himself to the first deist, Cain; he may not kill a brother, he certainly destroys himself.—Henry Melville.

Yesterdays

MARCH 5, 1891

From the Hickory items—Your correspondent lately took a trip into Wisconsin and was somewhat surprised to find the Antioch News taken in every other house at which I called. I met an acquaintance of years ago who gave me a cordial greeting and invited me to turn back and go home with him. His wife was a telegraph operator and they had a wire running to a neighbor's over half a mile and a game of checkers by telegraph had been arranged for the evening.

Mr. John Horan, Jr., returned to Evanston Monday after a few days' visit with his parents at English Prairie.

Mrs. Henry Fields died last Monday at the age of 76.

Mr. and Mrs. Albert Tiffany rejoice in the advent of a girl baby.

From the county seat items—Representative Partridge attended the funeral of General Sherman in St. Louis.

A column-length (fine print) poem on a flag-raising held at the Oakland school Feb. 26 concludes with the lines:

"And you may tell to all the country round

Yes, tell to every one you meet or see

Whatever insects may with them

abound

We're very sure there are no flies on

"We."

30 YEARS AGO

March 4, 1909

Mrs. August Morris, a well known young matron of the town of Salem, was badly injured in a runaway accident on the plank road west of Kenosha last evening.

The five Graham brothers were active participants in a target shoot at Long Lake. Tom was high man with 195 out of a possible 200.

Mrs. Bridget McNulty, 74, died at her home in Lake Villa last Friday.

A china tea set presented to a departing pastor of a Grayslake church was returned, with a note deprecating its "cheapness."

From the Russell items—E. J. Murrie assumed the duties of rural mail carrier March 1.

A surprise party honoring George Bartlett was held at his home Friday evening by B. H. Overton, Ed Garrett, Roy Pierce, Charles Lux, George Gollwitzer, Fred McGhee, John Felner, Frank Huber and Charles Kelly.

15 YEARS AGO

March 6, 1924

A change in the ownership of the H. R. Adams Lumber Co. took place this week when Horace Adams and Miss Ethel Adams bought out the greater part of the interests of their uncle, W. J. Darby. Nason Sibley and Joe Horton also acquired part of Mr. Darby's interest. Mr. Adams will continue active management of the company.

Wilmot items—Gladys Bufton gave a talk at the Mothers and Daughters banquet at Silver Lake on Friday night.

Miss Ida Micheli, Bluff Lake, was seriously injured in an automobile accident in Chicago Saturday.

Miss Genevieve Quinn and James R. Walsh were married at St. Peter's church Saturday. Mr. Walsh is proprietor of the Oakland house at Channel Lake.

LAKE VILLA

Lake Villa Com. Church (M. E.)

I. B. Allen, pastor

Sunday School—10 A. M.

Worship Service—11 A. M.

Because of illness among the children, we have had no Sunday school for three weeks, but regular classes will be resumed next Sunday.

On Sunday, March 5, the pastor will have the assistance of the choir which was so enjoyed at Homecoming, and which sang old fashioned songs, in a group of old time songs. The pastor will preach what he styles an old fashioned sermon. You are very welcome. On the following Sunday, March 12, Sunday school will be held at the usual hour of ten, but the worship service will be held as a vesper service in the evening and special features will be added.

Mr. and Mrs. Fred Hodgkins and Mrs. James Leonard were in Milwaukee last Thursday to attend the funeral of John Leonard who was a brother of the late James Leonard.

Mr. and Mrs. Earl Cragg of Evanston were callers at the Thayer home on Sunday afternoon. Mr. Cragg is Mrs. Thayer's nephew.

Charles and Jack Veasey of Millburn were in the village on business last Saturday and Charles remained until Sunday with his grandfather, John Fuhrer.

The "quiz" contest last Friday evening between the Royal Neighbor and Firemen teams ended in a victory for the Royal Neighbor team by 40 points which was very close. Mrs. Avery had high score for the ladies and Joe Noder high score for the men. These contests have proved so interesting that it has been voted to carry them on. On Friday night of this week the Antioch business men's team of five will meet the Lake Villa business men's team in a battle of wits, and it is sure to be interesting. The ladies will serve lunch after the contest.

The Fred Bartlett family were Waukegan visitors Saturday.

Mr. Maeleger of Milwaukee spent a few days in the village last week, and met Friday evening with the Village Board to discuss matters pertaining

to the water supply. A new pump is to be installed as soon as possible.

John Nader, Mr. and Mrs. Fred Hamlin attended the funeral of a relative in Chicago last Wednesday.

Mrs. Paul Avery, Mrs. Leo Barnstable, Mrs. Pedersen, Mrs. Frank Wood, Mrs. Zelma Hucker and Mrs. Fred Hamlin attended a meeting of their bridge club with Mrs. Perry at Antioch last Thursday afternoon.

Mrs. C. B. Hamlin and Mrs. Paul Avery attended a R. N. A. school of instruction at the Karcher hotel in Waukegan last Friday afternoon.

John Nader and his sister, Mrs. Rose Belek, are ill at their home and Mr. and Mrs. Fred Hamlin are caring for them.

Sidney Stackler and a party of friends spent Saturday and Sunday at a house party at the Stackler cottage on Cedar Lake.

TREVOR

Week-end visitors at the Charles Oetting home were their daughter, Elvira Oetting, and friend, Arthur May, of Madison, and on Sunday, Edith Zarnstorff, of Richmond and Mr. and Mrs. Joseph Smith were dinner guests.

Mrs. M. Johnson and Mr. and Mrs. Rentler, Forest Park, visited Sunday afternoon and evening at the home of Mrs. Johnson's parents, Mr. and Mrs. A. J. Baethke. Mrs. Baethke returned home with them for a few days' visit.

Mr. and Mrs. Byron Patrick, sons, Robert and Ray, Salem, were Sunday night supper guests at the home of Mr. Patrick's mother. In the afternoon they called on Sarah Patrick at the William Kruckman home in Burlington.

The William Evans family received the information from a niece in Shrewsbury, England, of the death of her father, Thomas Evans, of an attack of pneumonia at his home in the city on Feb. 6th. He is survived by one son, Edward, and one daughter, Mrs. Elsie Rogers, both of Shrewsbury, England. Two brothers, Wil-

liam of Trevor and John of Salem; two sisters, Mrs. Annie Barter of Kenosha and Mrs. Elizabeth Boughton, at Long Beach, Cal. The parents were the late Edward and Hannah Evans and were at one time owners of the farm now owned by Frank Hahn, Rock Lake.

The infant daughter, "Karen Elaine" of Mr. and Mrs. Earl Elfers was christened in Kenosha Sunday.

There was a large turnout of farmers from Trevor at the Riggs-Sova farm sale on Route 50 on Saturday.

Mr. and Mrs. Vernon Runyard are spending some time at the Earl Swenson home at English Prairie.

Mr. and Mrs. Adolph Anderson, Oak Park, Ill., were Wednesday visitors at the Charles Oetting home.

Mrs. Theron Hollister entertained her card club of three tables on Wednesday afternoon. Mrs. Joseph Smith entertained the club this week Wednesday afternoon.

Mr. and Mrs. Frank Larwin have returned from a trip to Roseland, Fla.

The Trevor-Antioch Willing Workers society will be entertained this week Thursday afternoon at the home of Mrs. Robert Runyard, Jr., south of Antioch.

Clarence Runyard of Chicago is ill of the flu at the home of his mother here.

Mispickel

Mispickel is the chief ore of arsenic, a compound of iron, arsenic, and sulphur, sometimes called arsenopyrite. The color is silver white to steel gray and it is found massive and as rhombohedral crystals, usually associated with ores of silver, tin, copper and lead.

Not About the Apple

To be admired most in the character of our original parents, Adam and Eve. Neither of them lied about the apple.

Shoes Torn Off by Air

When a person falls from a great height or is involved in an explosion, the shoes are forced off the feet by the pressure of the air.

A NEW WAY TO PLAN YOUR HOME

Nationally Famous
Architects and
Engineers
show you how

THE NEW SERIES OF

Weyerhaeuser 4-SQUARE DEMONSTRATION HOMES

THE new way to build a home is to plan for the things you don't want as well as the features you do want.

Architects and engineers, famed for their skill in the design of small houses, created 12 Weyerhaeuser 4-Square Demonstration Homes, to show how to build the Truly Modern Home.

- By adhering to authentic architectural design, they've excluded the possibility of a house becoming "dated"—assured you of a home of enduring good taste—a home with good resale value.
- By planning for convenience in living and working in a home, they've obtained charming interior arrangement and provided for every family need.
- In specifying modern standard materials, they have given builders better materials to work with, and secured the savings that standard materials make possible.

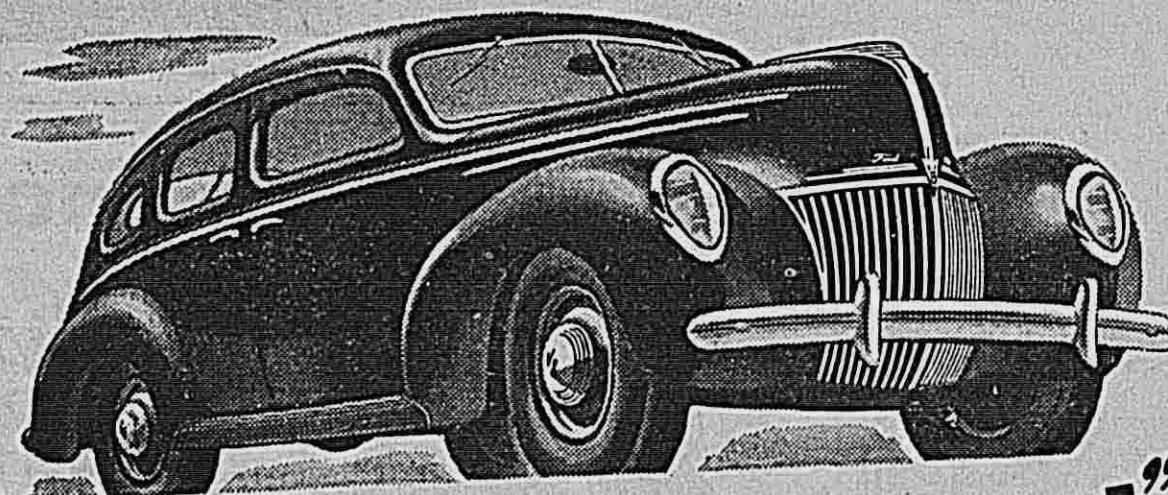

These Demonstration Homes are complete with blue prints and specifications. They are a clear guide to planning for maximum value and convenience. Come in and see them.

“Looks
a honey!”

...and believe me...it is!

● That's the satisfying reaction you'll get, too, when you first see, and then drive, a new Ford V-8. The look of a Ford V-8 makes a promise that's kept. Its alert performance, its large, quiet, complete interior, its triple-cushioned level ride—these are features of the Ford V-8 that live up to its smart, modern style. ★ We want you to see and sense these features yourself. We want to show them to you. ★ Read the list at the right. Weigh it against the price. Judge it with your own fine value-sense. Then let us show you this smart new car the first minute you can take the time for a thrilling ride!

The Ford V-8 is the only car in its field that combines these 3 advantages

Luxurious V-8 performance. Alert smoothness found elsewhere only in higher-priced cars. Performance that truly sets the Ford V-8 apart from the field!

Bigger hydraulic brakes. Larger than on any other car in its field. Smooth. Easy-acting.

Ultra-modern style. Its beauty makes the Ford V-8 style the recognized leader. Distinctive new interior styling and complete, too.

The DeLuxe Ford Sedan illustrated includes: Bumpers and guards—Spare wheel, tire and tube—Cigar lighter—Twin air-electric horns—Dual windshield wipers—Sun visors—Lock on glove compartment—Clock—DeLuxe steering wheel—Rustless Steel wheel bands—Twin tail lights—Foot control for headlight beams with indicator on instrument panel. Entirely new battery-condition indicator. No other car in the low price field offers all this equipment at no additional cost.

News of ANTIOCH and Vicinity

Oak Park Girl Becomes Bride of John Lucas

A large group of relatives and friends from here attended the ceremony at which Miss Grace Barker, daughter of Mr. and Mrs. Frank Barker, Oak Park, became the bride of John Lucas, son of Mr. and Mrs. Fred Loof, of Bluff Lake, Saturday at the Barker home.

The bride wore a floor-length gown of white lace and silk net over white satin. Her bouquet was of white roses and lilies of the valley.

Miss Eileen Hirsch of Oak Park, a niece of the bridegroom, was bridesmaid, wearing a gown of pink lace over matching satin and carrying a bouquet of pink roses. Eliot Hirsch acted as best man.

A supper for the wedding party was held at the Greanem hotel. Mr. and Mrs. Lucas left afterward for a short honeymoon in Florida.

Among those who attended the wedding from away were Mr. and Mrs. John C. Nixon of Los Angeles.

GUILD PLANS SECOND LENTEN DINNER WED.

The second in a series of Lenten dinners being sponsored by the Ladies' guild of St. Ignatius' Episcopal church will be held at the home of Mrs. Ida Osmond, 407 Orchard street, Wednesday, March 8. Serving will start promptly at noon, and an admission charge of 25 cents will be made.

The first dinner in the series was held yesterday at the home of Mrs. Fred Hawkins.

About 61 persons attended.

Shirley Rae Nelson will celebrate her third birthday anniversary with a family party Friday. A birthday party planned for her little friends is being postponed because of the flu.

The young ladies of Sodality of St. Peter's church invite you and your friends to the St. Patrick's Eve party at St. Peter's hall, Thursday evening, March 17. Music, dancing, old time and modern, cards, bunco, refreshments, prizes.

Mrs. John Reimers is a patient at Victory Memorial hospital in Waukegan.

Week-end guests at the home of Mr. and Mrs. Robert Runyard, Sr., were Mr. and Mrs. Harvey Lurvey, Donsman, Wis., Mr. and Mrs. Owen Runyard, Sullivan, Wis., and Stanley Barnhart, Oconomowoc, Wis., all of whom were called here by the death of J. S. Runyard, Wilmet.

Mr. and Mrs. M. M. Miller, Dixon, Ill., former Antioch residents, have returned to their home from Excelsior Springs, Mo., where they spent the past few weeks.

Louise Gilbert, the former Bertha James of Antioch, was interviewed by Prudence Penny in her radio broadcast Monday.

Little Alvin Nelson, son of Mr. and Mrs. Myrus Nelson, who was ill last week and was believed to be threatened with mastoiditis, is much improved this week.

Old time and modern dancing, cards, bunco, prizes, refreshments, Silver Derby orchestra—enjoy it all at the St. Patrick's Eve party at St. Peter's hall, Thursday evening, March 16. And the admission price is only 35 cents.

Marriage Licenses

Marriage licenses have been issued in Waukegan to Arch MacCorquodale, Chicago, and Mildren Haizman, Fox River Grove; Lester Miller, Waukegan, and Alice Packman, Bristol.

BIRTHS

To Mr. and Mrs. Clarence Perry, Grayslake, a son, at Victory Memorial hospital, Waukegan.

Fined for Possession of Gambling Devices

A fine of \$200 was assessed against Charles R. Keulman of Antioch Wednesday by Justice of the Peace Harry Hoyt on a warrant charging him with possession of gambling devices. The fine was levied on the recommendation of Special State's Attorney Charles E. Jack, who is in charge of gambling prosecution.

Lions Club to Play North Chicago Team

An encounter between the Antioch Lions and North Chicago Indians basketball teams will be staged in the Antioch Township High School gymnasium Friday evening. There are to be two games, the first of which will start at 8 o'clock.

Grenades in War

Gunpowder-filled grenades of wood were invented in the Sixteenth century and in the Seventeenth century special bands of grenadiers were formed for their use. Modern hand grenades were successfully used by the Japanese against Russia in 1904, and various forms, many made from old tins, were introduced at the outbreak of the World war.

Wednesday Eve'g. Service—8 P. M.
A reading room is maintained at the above address and is open Wednesday from 2 to 4 and 7 to 8 p. m.

CHRISTIAN SCIENCE CHURCHES
"Christ Jesus" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, February 26.

The Golden Text was, "Let the word of Christ dwell in you richly in all wisdom; . . . And whatsoever ye do in word or deed, do all in the name of the Lord Jesus, giving thanks to God and the Father by him" (Colossians 3:16, 17).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "The people that walked in darkness have seen a great light: they that dwell in the land of the shadow of death, upon them hath the light shined. For unto us a child is born, unto us a son is given; and the government shall be upon his shoulder; and his name shall be called Wonderful, Counsellor, the mighty God, The Everlasting Father, The Prince of Peace" (Isaiah 9:2, 6).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Throughout all generations both before and after the Christian era, the Christ, as the spiritual idea, the reflection of God, has come with some measure of power and grace to all prepared to receive Christ. Truth, Abraham, Jacob, Moses, and the prophets caught glorious glimpses of the Messiah, or Christ, which baptized these seers in the divine nature, the essence of Love" (p. 333).

St. Ignatius' Episcopal Church
The Rev. J. E. Charles
Second Sunday in Lent, March 5
7:30 A. M. Holy Communion.
9:45 A. M. Church School.
11:00 A. M. Holy Communion and Sermon.
4:30 P. M. Evensong. The Antioch High School Choral society, under the direction of Hans Von Holwede, will sing a number of selections at this service. We deeply appreciate the kindness of Mr. Von Holwede and the choristers in consenting to sing, and we invite everyone to attend the service. Come and bring your friends.

We cordially invite you to all our services.

For a real jolly time attend the St. Patrick's Eve party at St. Peter's hall, Thursday evening, March 16. Given by the Young Ladies' Sodality of St. Peter's church.

Gifted Insects
Seven thousand types of insects creep, fly and jump over the country. Tiny as they are, they possess amazing cunning, acute senses and effective natural weapons, which combine to slay their enemies. For instance, the praying mantis has keen hearing that detects victims afar off. The beetle is gifted with a pincer mouth that pierces and crushes.

An Indian Superstition
It is an old superstition in India that if a girl permits her hair to curl in ringlets when she is married, she will, in time, lose her husband. So the young Hindu bride usually cuts any unruly ringlets from her head and plasters her hair down flat, in order to insure for herself a happy married life.

Skins Used in Industry
The cow, sheep, goat, horse, hog and deer contribute most of the skins used in industry. The first three provide 95 per cent of the hides consumed. They are relatively abundant and their skins most suitable for durable goods or fancy accessories.

Mothers, Daughters Hear Fine Program at Annual Dinner

Over 50 mothers and daughters attended the annual mother-daughter banquet sponsored by the Home Economics club at the Antioch High school cafeteria dining room Tuesday night.

Amid decorations of yellow and green the guests were served a three-course meal by the F. F. A. boys dressed in white costumes. An interesting program featured an address by Helen Volk, Lake county home adviser, on "The Scandinavian Countries," exhibit and explanation of the Home Economics symbol by Mrs. Ruby Richey; accordion solo by Marjorie Ferris; readings by Arlene Krahn; piano selections by Eleanor White. Frances Biemer, president of the club, extended greetings to the group.

To Describe Care of Fruit Trees at Meet

The care of fruit trees and bushes will be discussed by Dr. B. J. Kelly of the Illinois university horticultural department at a meeting to be held in the Farm Bureau hall at Grayslake Friday, March 3. L. H. Shropshire, also of the University of Illinois, is another speaker.

Prof. B. Varney of the university's poultry department, who is to speak at Lake Zurich on baby chicks at 10 a. m., will be a speaker at the Grayslake meeting at 1:30 o'clock. Dr. R. Graham of the animal pathology division will speak on sleeping sickness, Bangs disease and mastitis.

J. B. Brook, farm adviser of McHenry county, and H. C. Gilkerson, farm adviser of Lake county, have co-operated in arranging an all day meeting at McHenry High school for the farmers of the two counties soon. Dr. Graham will also be the speaker at this meeting.

Chows Good Sled Dogs
Natives of northern China, born and reared to draw sledges over frozen wastes, the chow's steadfast, purposeful eye is indicative of their inbred ability to keep their gaze on the trail and their minds on the destination ahead. They have an amazing instinct to find their way through a country that is entirely new to them; and if they become separated from their masters in a crowd, they do not become confused as many dogs do, running this way and that, but very calmly and confidently thread their way through the throng until they find the man for whom they are looking.

He Was a Beauty
In Irish mythology Bres was the son of Elatha, and was known for his great beauty. He married Brigit and became king of the Tuatha De Danann, who deposed him because of his exactions. He then roused the Fomorians to their war with the gods.

Methodists to Hold Pot Luck Supper Wed.

The March pot luck supper and business meeting of the Antioch Methodist church will be held Wednesday evening, March 8, at 6:30 o'clock. The members of Friendship Circle will be in charge.

A large attendance is desired at this meeting, the Rev. W. C. Henslee, pastor, states.

Rev. Henslee also calls attention to the fact that a communion service will be held at the church at 7:30 o'clock the evening of Good Friday. New members will be welcomed into the church on Easter Sunday.

The sermon subject this coming Sunday will be "Forgetting the Angels."

Sportsmen Invited to Pointer Club Meeting

Lake county sportsmen interested in conservation work and the preservation of wild duck shooting in Illinois are invited to attend a meeting of the Pointer and Setter club this evening at 8 o'clock.

The meeting will be held at the club rooms on Waukegan road opposite the Waukegan airport and the program will feature a talk by C. S. Bedell, of More Game Birds in America, Inc.

Mr. Bedell will show motion pictures of the work being carried out by Ducks Unlimited, Inc., in Canada.

The Difference

A sanitarium is distinguished from a sanatorium by the fact that it is an establishment where the treatment of its patients is wholly, or almost wholly, prophylactic, whereas, a sanatorium is one which is favorable to preserving the health or promoting the health of its patients.

Use Ivory Sled Runners

In the far North where iron and wood are scarce, Eskimo sleds have runners shod with ivory.

... whispering, howling, screaming the coming of spring! It's March! Time to think of refreshing your beauty after the ravages of winter. A series of facials to smooth your skin, scalp treatments to brighten your hair, and of course a new permanent styled into one of the newest and most flattering coiffures!

Irish Play Will Be Rotmours' Next Choice

Drama tinged with pathos will be seen in "An Irish Cinderella," to be given by the J. B. Rotmours Players next Thursday evening in the Crystal theater.

Mr. Rotmours states that the play permits many opportunities for pretty costumes and attractive stage settings.

The company continues to draw excellent audiences in spite of what appears to be a "jinx" of bad weather every Thursday evening.

This evening's offering is "Dawn of the Mountains," a story of the Kentucky hill region. Free merchant tickets may be secured from Antioch business houses listed elsewhere in this issue.

Woman's Club to Hear Talk on Current Events

"Current Events" will be the subject of a talk which Mrs. M. H. Lieber of Wilmette will give before the Antioch Woman's club Monday afternoon, March 6, at 2 o'clock.

The meeting will be at the home of Mrs. W. C. Petty instead of at that of Mrs. Roy Kufalk, as originally planned, because of Mrs. Kufalk's illness.

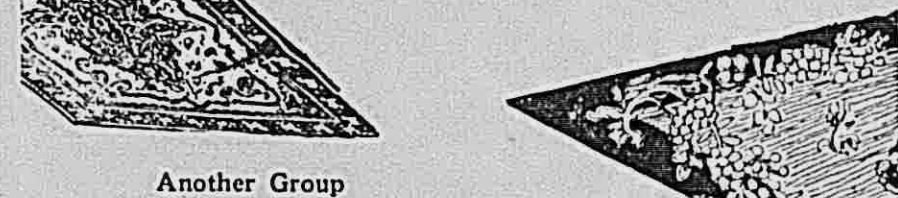

The latter will, however, serve on the hostess committee, which also includes Mrs. C. L. Kutil and Mrs. L. O. Bright.

MERCHANTS BEAT BURLINGTON TWICE

Antioch Basketeers Take Both Games of Double-Header Monday

The Antioch Merchants basketball team defeated the Burlington Merchants in both games of a double header played here Monday night. The locals won the first clash 45 to 27. The early lead of the Antioch men was not threatened throughout the game. Murphy led the scoring with 17 points and Keulman and Osmond followed with ten counters each.

A whirlwind finish featured the second game with the locals pulling out ahead 28 to 21 at the finish. At the halfway mark the Wisconsin men were a point ahead, 7 to 6, and they held a lead until the last two minutes of play when baskets by Doolittle and Maleck tied up the score. Again Maleck scored to give the locals a 22-20 advantage, then Murphy found the hoop for three straight field goals to put the game on ice.

The Antioch Merchants are playing tonight and tomorrow night in the tournament at Lake Geneva. Monday night they will play the Zion All-Stars and Rosecrans Hillbillies in two games on the home floor. Fans are reminded that there are only a few games left on the Merchants' schedule and if they want to see a nifty team in action, better hurry.

The Antioch Lions team will play the Burlington Merchants here next Tuesday night.

U. S. Will Start Work On Irrigation Project

WASHINGTON.—Agriculture department officials said the government's program to develop water facilities will be put to work immediately on a project designed to improve 64,000 acres of orchard and grazing land in southeastern Placer county, California.

A "tentative allotment" of \$20,000 was set aside to begin work on grade ditches, pipelines and other measures calculated to make more efficient use of land and water in the area.

None of the money will be offered in the form of outright grants, but funds will be available for low-interest loans to individual farmers. Thus residents of the area will eventually pay for the improvements themselves, under the government financing plan.

Nettled Burglars Chide Their Victim

COSTIGAN, MAINE.—A note of thanks for the goods stolen, with an added line stating the thieves were "sorry you couldn't have left some money for us," featured one of the two breaks investigated by deputy sheriffs.

The note was left on the cash register of the store of C. V. Burr in Costigan, which also serves as the town's post office.

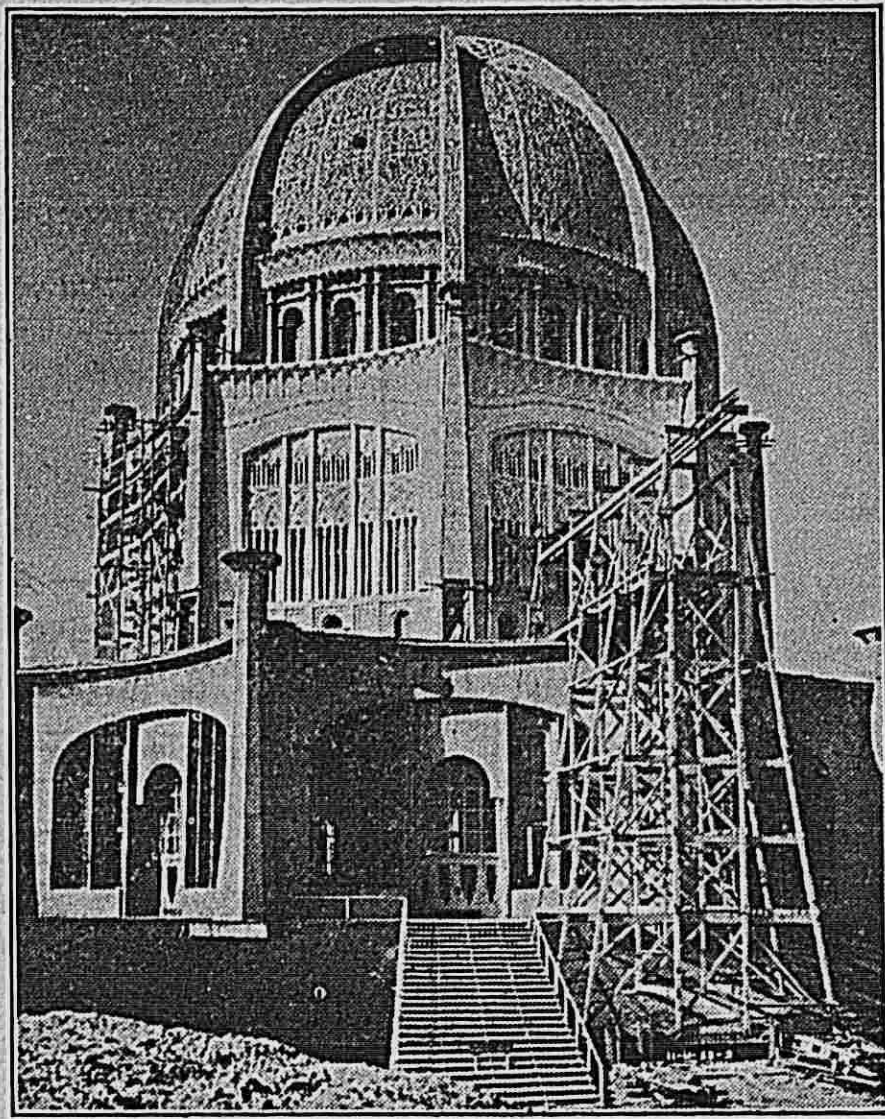

Tiny Eel a Delicacy

In the waters off northeastern Spain the Basque fishermen place oil lamps along the quays to attract the tiny, white, two-inch eel which frequents this corner of the Bay of Biscay. They are able to scoop them up by the thousand. When fried in oil this eel is considered a delicacy.

Fans' Part in Religion

During the Middle Ages in Europe, fans played an important part in religion. They were waved over the priests' head while they said mass to keep away the flies which represented the devil. Later, fans were supposed to yield divine influence, their to-and-fro movement symbolizing the wing of the seraphim.

ATTRACTS WORLD-WIDE NOTE

Not yet completed, though it has been in the process of construction since 1921, the beautiful Baha'i House of Worship in Wilmette, Ill., is so unique in its architecture that it has attracted the attention of people from all over the world. Part of the building is in use, and public lectures are given every Sunday afternoon at 3:30 o'clock in the Foundation Hall.

Maggie Flies Into Course of Bullet

MELBOURNE, AUSTRALIA.—Australian sportsmen labor under greater inconveniences from birds than sportsmen in any other part of the world. In addition to the huge crows which amuse themselves by carrying off golf balls, a magpie got in its work during a rifle match here by swooping down and intercepting the bullet of a contestant.

INMATES OF PRISON FIND USE FOR TIME

Many Devote Their Talents to Inventions.

FOLSOM PRISON, CALIF.—Convicts in Folsom prison do more than break rocks and sleep in their cells. Many inmates improve their time with writing and inventing.

When one invented a gadget to measure the speed of a typewriter, he received general attention. It was such a simple invention and yet so handy, particularly in business schools.

One of the most peculiar inventions was a double barreled fountain pen for bookkeepers, that changes from red to black ink at the flip of a lever. Another man brought out an improved shock absorber which is now standard equipment on a well-known truck.

Newspapers, magazines and trade publications have recognized the ability pent up within prison walls and buy many ideas for contests, promotional campaigns and selling features. One of the men worked out a parlor game which soon will be paying him royalties. Many free lance writers are busy behind prison bars. Musicians compose songs which find a ready sale. A book of yacht navigation was written by one of the inmates.

The study of law has captured the imagination of many men and while it cannot always be turned into financial gain, proves valuable in other ways. Warren Billings has studied law zealously during his many years in Folsom.

The skill in locks that many convicts possess was one reason why a man perfected a combination lock that is simple in operation but combines the best features of the ordinary spring lock and the tumblers of a safe mechanism. The combination is easily changed.

Convict Holds Record

For Brevity of Parole

MONTGOMERY, ALA.—"Out again, in again Albert" is a name that fellow convicts could well apply to Albert Jackson, an inmate of Spigner state prison who undoubtedly holds some kind of record for shortness of paroles.

The man walked forth from the confines of the prison at 3 p. m. He was to have been a free man for 30 days if he behaved himself. There were chances for him to be free permanently for his parole was classed as a "test."

Jackson, however, was not free long. At 6:15 state police radio broadcasts revealed that an automobile had been stolen 35 miles north of Spigner. An hour later the newly liberated man was apprehended by highway patrolmen near Birmingham—driving the stolen auto. He was returned to Spigner prison.

Whip Snakes Oust Bats in Famed Casa Grande Ruins

COOLIDGE, ARIZ.—Whip snakes are decimating the bats that roost

in the famous Casa Grande ruin, northwest of Coolidge.

Ever since this pre-Columbian fortress was discovered by the first white man who came this way, its rooms and crevices have been populated by swarms of bats. Attendants on duty for the National Park service report that whip snakes, locally known as "red racers" because of their speed and color, have moved in from adjoining fields and waxed fat in the happy hunting grounds.

They lie in wait until the bats return from their nocturnal foraging expeditions, seize them and manage to swallow them without being bitten by the bats' sharp teeth.

Crippled Dog Operates His Own Wheel Chair

RANDOLPH, MASS.—Uno, 11 years old, is believed to be one of the few dogs in the world that gets around in a self-operated wheel chair.

After Uno was injured in an automobile accident last April, his master, Richard Pilling, constructed a truck-like contraption made from two wheels of a child's tricycle, with a hammock support for the dog's body. Now, Uno is able to propel himself by his forelegs, with his hindquarters resting in the carriage.

Buffalo Quick Kicker

HEADSBURG, CALIF.—William Walker, 17, probably knows more about the nervous reactions of buffalo than the average American. On a visit to the San Francisco zoo, he was so attracted by the seven bluen there that he could not resist the temptation to stretch out his hand and pat one. Before he could say "Jack Robinson," the buffalo had whirled around and kicked him twice on the nose.

Sell

It is not by applause, it is not by any help, really that I or anyone else can give you, that you may become great. It is in yourself that the power lies, and it is by your life by your industry and by the fullness and completeness of your experience and your sympathy that you will be able to get hold of that power.—Benson

Sights of London

There are hundreds of things to be seen in London. Among them are Westminster abbey, the houses of parliament, Buckingham palace, St. James' palace, Hyde park, Regent's park, Trafalgar square, Piccadilly circus, Fleet street, the Cheshire Cheese, the Strand, St. Paul's cathedral, and London tower.

Buhl Furniture

Buhl furniture is a style of furniture which was invented and made by Andre Charles Boule or Buhl, cabinet maker to the court of Louis XIV. It is richly inlaid with gold, copper and tortoise shell, under the last named of which a crimson fabric is often placed.

Viva Spinsters!

Spinsters have a better chance of surviving ages over 50 than married women and widows, figures issued by the British government actuaries department show. At 60, 901 spinsters were expected to live five years, compared with 899 married women and 889 widows.

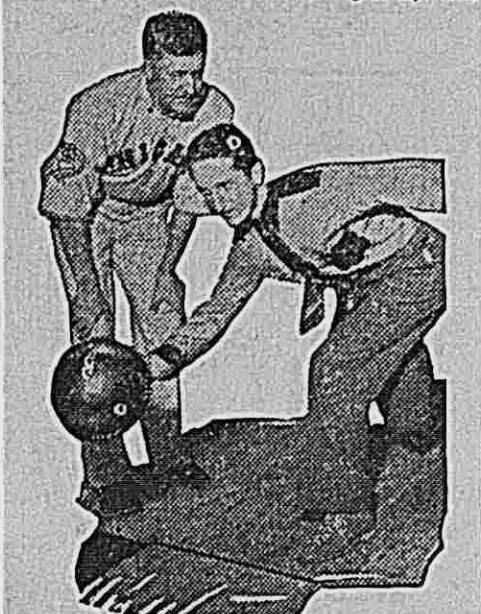

No Fire in 600 Years

For a period of 600 years there has not been a fire in Ahun, a little town of 2,000 inhabitants in central France.

Keglers Plan Charity Match

Bob O'Farrell, former star major league catcher, is busy these days lining up sports stars to bowl against the Pabst Blue Ribbons in a special bowling match at O'Farrell's Recreation Rooms, Waukegan, Ill., Saturday night, March 11th.

By public request, Jim Tinney, manager of the Pabst squad, arranged for his maple maulers to meet a group of athletes, men of various sports, the

Red" Faber (left) and Paul Krumbske, proceeds to go to charity. The match will be staged for the Catholic Youth Organization Blind Children's Fund.

Proceeds from this special match will help in securing dogs for a number of blind children. The proceeds are to be given to Bishop B. J. Sheil, founder and director general of the C. Y. O., to aid him in his work for blind children. "Master's Eye" dogs have been given to several blind children to lead them, and with additional funds, Bishop Sheil will provide other blind girls and boys with dogs.

O'Farrell, who is one of Waukegan's leading maple toppers, will be one of the rollers in the Sports Stars lineup. "Red" Faber, former star White Sox hurler, who now operates bowling alleys in Grayslake, Ill., will also be in the lineup. O'Farrell is now lining up athletes of various sports to roll against the Pabst squad.

First Gem Lovers

So far as is known, the Sumerians, earliest inhabitants of Mesopotamia were the first nation in history to recognize the ornamental value of semi-precious stones, and to understand and practice the art of stone-cutting for the purpose of making cylinder seals, signet rings, beads and other jewelry. Great quantities of beads of agate, carnelian and lapis lazuli were excavated years ago from the ruins of the ancient Sumerian city of Kish by the Field museum-Oxford university joint expedition to Mesopotamia.

Luxury for Cheetahs

Cheetahs, or hunting leopards, owned by the princes and other wealthy men of India, spend their sleeping and other inactive hours on their own individual beds, which are exactly like those used by the natives, according to Collier's. In the palace of the Maharaja of Kolhapur is a large room that contains the beds of 35 of these animals.

Romans Developed Paint

The Romans developed a type of paint particularly durable for use in dry climates. It was made by combining colored pigments with glue.

HEALTH HINTS for LIVESTOCK

CLEAN HOG LOTS WILL SAVE COSTLY DISEASE LOSSES

If farmers would practice hog lot rotation, like they do crop rotation, they would save millions of dollars worth of valuable hogs which now die each year from yard-borne diseases.

farmer handsomely in better livestock profits. Mudholes should be drained, manure piles fenced off, holes beneath buildings boarded up, old straw stacks burned, crushed rock spread around water tanks. All buildings should be thoroughly cleaned and disinfected, and feed boxes and roosts scrubbed with hot lye water. As soon as pigs are farrowed, they

Old mud holes like this breed disease germs and parasites which kill many thousands of hogs annually.

Hog lots which have been used year after year are literally alive with germs and parasites. Some of the diseases found in these unsanitary lots are hog cholera, enteritis, "bull nose", navel ill, verminous pneumonia, scours, and lockjaw.

Two or three days spent in cleaning up livestock quarters and lots, at the start of the season, will repay any

should be moved out to clean, fresh pasture, away from any possible contamination of old lots and pens. About weaning time, the pigs should be vaccinated against cholera. They should be kept on clean pasture all summer. They will make 25 percent better growth and development under these conditions, and will be twice as safe from diseases and parasites.

BIG SLASH MADE IN DRI-GAS PRICE!

New Low Rates Effective At Once -- Bottled Gas Users Get Even Greater Economy

This perfected, modern fuel now costs less than ever before, due to a great reduction in its price for domestic service. Increased consumption in this vicinity permits economies in shipping and distribution that are being passed right on to users.

Long recognized as one of the most economical of fuels, Dri-gas—the bottled cooking gas—offers far more than low cost. It is vastly more efficient, cleanly, convenient and speedy. It brings every advantage of city-type gas service to homes beyond the gas mains.

Choice of Four Systems

There are four different Dri-gas Systems, designed to provide exactly the type of service needed for any condition. Large homes or small ones, big families or newlywed pairs, there is a moderately priced Dri-gas System to give exactly the kind of modern gas cooking service needed.

New Model Ranges Ready

Lovely, graceful 1939 Dri-Gas Roper Ranges—by far the most efficient and economical creations in a line that has won acclaim as

"America's Finest Gas Ranges"—are ready now. See them! Inspect their wealth of features that make cooking an exact science that takes less time and makes hours spent in the kitchen much pleasanter.

Get Particulars at Once

Learn all about Dri-gas. See the Dri-gas Systems that will bring modern cooking convenience to your home. Look at the Dri-gas Roper Ranges that are so easy and effective to use. Ask about the new low cost of Dri-gas that makes its use in your home even more attractive than ever before. BE SURE YOU GET GENUINE DRI-GAS—produced and sold by an old, established and responsible company. Look for the name, spelled D-R-I - G-A-S, on each cylinder.

MILLBURN

The annual basket social sponsored by the trustees of Millburn church and held at the church last Friday evening was very successful. A short program was given, consisting of several numbers by the brass quartette from Warren High school, readings by Beatrice Brackett and solos by Richard Martin. Due to sickness, the crowd was not as large as usual, but the loyal bidders in response to Auctioneer William Chandler's appeal for generosity to help pay for the new well at the parsonage, brought the receipts to \$108.

Ernest Glenn has finished the new well at the parsonage, but was obliged to drill 201 feet to find water.

Mr. and Mrs. Lormer Herrick and daughter, Patsy, spent Sunday with the former's brother, H. M. Herrick.

Mrs. W. A. Bonner, Mrs. E. A. Martin, Mrs. J. S. Denman, Miss Vivien Bonner, Mrs. Melvin Frank, Mrs. Austin Savage, Mrs. Emmet King, Mrs. Ida Truax, Mrs. Victor Strang, Mrs. W. M. Bonner and Mrs. Gordon Bonner attended the luncheon at North Prairie church last Wednesday at one o'clock. A short program was given in the afternoon.

Mrs. William Carney spent the past week with her son, Dewey Carney, in Chicago.

Mr. and Mrs. Horace Culver of Lake Villa moved Tuesday to their new home, north of Wedge's corner on Millburn road. We are glad to welcome them to our community.

Mrs. Petersen of Minneapolis, Minn., is spending several weeks at the home of her daughter, Mrs. Melvin Frank.

Miss Marian Edwards of Oak Park spent Sunday with her parents, Mr. and Mrs. F. G. Edwards.

David Bennett has been quite ill at his home the past week.

The annual meeting of Lake County Home Bureau will be held at the Federated church in Wauconda on March 10.

The regular meeting of the Ladies' Aid society will be held at the church on March 2. Dinner will be served at noon by Mrs. Harry Herrick, Mrs. Emmet King, Mrs. Eric Anderson, Mrs. Clarence Harris, Mrs. Jens Johansson and Mrs. Minnie Dietmeyer.

Mr. and Mrs. Harry Keefe and daughter, Barbara of Waukegan were callers at the J. Kalus home Sunday afternoon.

Mrs. John Veasey has returned home after two weeks in Kenosha hospital, following a major operation.

Mrs. Jennie Pickles of Hickory spent Sunday afternoon at the D. B. Webb home.

Mr. and Mrs. James Cunningham and son, Jimmie, spent Sunday afternoon at DesPlaines.

Suggestions on How to Keep Weevils From Beans

If you store beans in a warm place they are likely to be infested with weevils. It is better to store them at a temperature not over 50 degrees. They can be treated with air-slaked lime, using one pound of lime to four pounds of seed.

In storing beans for food consumption it is recommended that they be placed in cold water, brought to a temperature of 140 degrees and dried. This kills the weevils, does not interfere with either the food value or germination of the beans.

A weevil is a tiny insect that lays its eggs on the green pods in early fall, the eggs hatching to very small white grubs which develop and reproduce in the beans. There may be six or seven generations in a year.—Prairie Farmer.

Egg Grading Important

Egg grading is not only practical and profitable, but it soon will be an absolute necessity if the egg industry is to go ahead. The purchasing public is beginning to demand a quality graded egg and the producer must, sooner or later, familiarize himself with standard egg grades and qualify as a producer of such a product, says the North Carolina state college. Not only do eggs of known grade command the high price on all markets, but the grading gives the producer an opportunity to cull his flock to better advantage and save only those hens that are producing the best eggs.

Agricultural Notes

Uncle Ab says success in farming requires three things: Good soil, good weather, and a good farmer.

Approximately one out of every twelve pounds of meat produced in the United States is made into sausage.

The beef cattle industry seems to run in cycles. The last peak was in 1934, and the low was about the first of 1938. Since that time there has been a slow expansion which is expected to continue for several years.

Farm account books can be started most conveniently when the inventory of feeds and supplies is at a low point.

Forty-seven states are now in the modified accredited area after statewide tests for the detection of cattle infected with bovine tuberculosis.

Sheep that are fed all of the good quality legume hay they will clean up will need less grain than sheep that receive poorer-quality roughages.

FARM TOPICS

EAR-TAGS REVEAL DAIRY CRIMINALS

Is Equivalent to Finger-Printing in Humans.

Equivalent to finger-printing in humans, is the "ear-tagging" system that reveals dairy cows and families that are enemies to profitable dairy farming.

New York state is one of the states co-operating with the United States bureau of dairy industry at Washington in permanently identifying all animals in dairy herd improvement associations, according to Professor S. J. Brownell of the Cornell agricultural extension service.

The purpose of the identification and permanent records is not only to apprehend the dairy criminals, he says, but to eliminate the unfavorable influences in breeding future dairy cattle. Every cow is put on her own production record and farmers get a complete analysis of breeding efficiency which reveals the value of every bull in every dairy-herd improvement association breed.

The system locates and identifies outstanding brood cows for selection of breeding stock and provides a means of tracing family strains. The records are analyzed to identify an inheritance for high ability in producing milk and butterfat, and the influence of these superior animals may then be disseminated throughout the general dairy cow population.

The same principle applies in official testing with breed organizations which record the "finger-printed" cows and bulls. Both purebreds and grades need more of it, says Professor Brownell.

Steady Egg Production Key to Poultry Success

"Manage the laying flock to keep production above the 50 per cent level every month of the year." That's a new year's resolution recommended to Minnesota poultrymen by Cora Cooke, extension poultry specialist, University farm, St. Paul.

The flock that was highest in the 1938 record flock project sponsored by the Minnesota agricultural extension service proved that steady production is safe from the standpoint of the hens and builds production that means profit. The top placing flock of 189 hens averaged 221 eggs per hen during the year. Most significant, however, was the fact that the flock placed among the 10 high producing flocks in 9 of the 12 months.

Tom Thumb Orchards

Tired of climbing 40 feet up to pick their choice fruit, apple growers are looking to midget trees as the remedy, declares the Country Home Magazine. By using a dwarfing rootstock, such as Jaume de Metz or French Paradise, nurserymen produce trees that mature at a height of about 10 feet. These are planted 15 feet apart, compared with 35 feet for ordinary trees. They are much easier to prune, spray and pick. Some 20 standard apple varieties are now available for purchase in dwarf sizes, according to Dr. H. B. Tukey, horticulturist for the New York experiment station at Geneva, and a pioneer in this field.

Sweets for Steers

On cold winter days, corn covered with blackstrap molasses apparently tastes as delectable to steers as buckwheat cakes and maple syrup do to men, declares the Country Home Magazine. H. J. Gramlick, formerly of the Nebraska experiment station, feeds two pounds of molasses daily to each of his steers as an appetizer. When the price of corn is high he steps the daily dose up to five pounds. His tests show that a pound of molasses is 85 per cent as effective as a pound of cracked corn in putting on weight.

Fighting Bang's Disease

Four years ago the federal government began testing for Bang's disease and slaughtering infected animals. The work was started as an emergency measure by the Agricultural Adjustment administration to reduce the cattle population of the United States. More than 1½ million cattle with Bang's disease have been killed since 1933. There have been more than 25 million tests made in nearly two million herds. The infected animals came from a total of more than 11 million cattle tested.

Cod Liver Oil Important

Open the window and let the sunshine in when the weather permits and 0.4 per cent of good cod liver oil in the winter ration will be all the hens need, says Hoard's Dairyman. Wisconsin authorities advise using a pint of cod liver oil to every 100 pounds of mash. It is taken for granted that mash makes up about 40 per cent of the daily feed consumed. Cod liver oil should show at least 85 A. C. A. C. units of vitamin D per gram.

PICKING OFF THE SPARES—by SIXTA M

Salt Superstition

The superstition that it is unlucky to spill salt, like most superstitions, goes back a very long way, when salt was regarded as a symbol of purity, and was placed on the heads of victims destined for sacrifice. It was regarded as a sign of ill-luck to spill the salt from this place. At least, so the legend runs. Nowadays, we avert the evil influence by the speller throwing a pinch of salt over the left shoulder.

'Sarcasm' Means 'to Tear Flesh'

The word "sarcasm" comes from the Greek and originally meant, literally, "to tear flesh."

Labeled Bottles

Never keep a bottle of medicine in the medicine closet without a label. It is very foolish to trust to one's memory in an important thing like this. Mark each bottle plainly and discard at once any unlabeled bottle before an accident occurs.

Canal Zone 552 Square Miles

The area of the Canal Zone, including land and water, is 552.8 square miles.

Meaning of Word 'Formosa'

"Formosa" is a Portuguese word meaning "beautiful."

Elevation of Pike's Peak
Pike's peak has an elevation of 14,109 feet above sea level. The summit, nearly level, has an area of about 60 acres. Pike's peak can be ascended on foot, on horseback, by a cog railway 8.75 miles long or by a well-constructed automobile road.

From the Greek
Arctic is from the Greek word arctos, meaning a bear, the reference being to the northern constellation of the Great Bear. Antarctic means "opposed to Arctic."

Cost of World War
The estimated money cost of the World war to the United States government to June 30, 1934, was \$41,765,000,000, as shown by the annual report of the secretary of the treasury for the fiscal year ending June 30, 1934. The treasury has not made any further revision in the estimated cost of the war since that date.

Anticipate
Help a man up who has fallen, of course, but in the first place, don't let him fall.

FIREBUGS IN NEW YORK KEPT UNDER CONSTANT WATCH

Fire Marshal Tells How His Men Work to Cut Losses From Incendiarists.

NEW YORK.—They bear no outward warning that they're sinister, dangerous persons. A remote light might glitter in their eye. If you strike a match before them, they might show a sudden nervous eagerness. But ordinarily they appear to be the most harmless people in the world.

That's the firebug—the man, woman or child whose otherwise normal brain is "screwy" on the subject of fire.

You'd never be able to detect one, just to see him or talk with him. They are uncannily cunning in hiding their weakness. Yet, 400 of them are listed in the files of the bureau of fire investigation, and they are subjects of a constant surveillance of which New York's good, law-abiding citizens scarcely dream.

Deliberately Set.

Of the twenty to thirty thousand fires which occur here annually, an astounding number are deliberately set. Hence, it is vitally important to keep an all-time watch on persons capable of such outrages.

Every three months those on the list are checked up. If they are at large, bureau investigators check their residence and activities. Also prisoners, insane asylums and reformatories are queried to ascertain if any "firebugs" have been released.

Chief Fire Marshal Thomas Brophy, head of the bureau, has two classifications for people who set fires: Arsonists, or incendiaries; and pyromaniacs.

In the fireman's vernacular, the former is a "torch," one who sets for some specific end, usually money. His motive also may be to destroy incriminating evidence or conceal crime. He is a practiced criminal, the fire marshal contends.

On the other hand the pyromaniac, or "pyro," is a psychopathic person who sets a fire for a "thrill." He is known among firemen as a "buff," a "spark," and a "nut."

Most Dangerous.

Of the two classes the latter is the most dangerous, according to Brophy, who said:

"The arsonist rarely sets fire to a building housing people. His is a strictly business proposition. The city used to be overrun with arson rings who would burn anything for money. But usually the places they touched off were stores.

"The pyros, however, are after the thrill, and they find the greatest thrill in firing a flimsy tenement filled with sleeping people. Particularly dangerous is the drunken type, who wanders out of a saloon in the early morning and sets fire to such a building. I have known a 'pyro' to set as many fires in one week.

"They are always alone and do the most unpredictable things. Quite often, they turn in an alarm, then help the firemen. Later they'll go around the corner and start another fire."

Firemen are always on the lookout for civilians eager to help them particularly when the origin of the blaze appears suspicious. They have caught many "pyros" in this manner.

Former Policeman Given

Works by Card Sharper

CLEVELAND.—Robert J. Russell, who walked a beat for six years in nearby Lorain and thought he knew the tricks, admitted at police headquarters, that he had been taken in.

"A girl friend and I went down to the lake front to watch the boats," the former policeman said. "A couple of men near us began to play cards. We watched, and then got in the game."

"Between us we lost \$40. When I got far enough away to think, I realized the simple game was 'three-card monte'—one of the most crooked games in existence."

Entombed Miner Asserts

Fly Saved His Sanity

LONDON.—A fly saved the sanity of a miner who was entombed for 16 hours in Pit House colliery, Brandon, Durham.

A cave-in shut John Lumley off from the shaft and imprisoned him in a small hole. A rock pinned him in an agonizing position.

During all the hours of torment he could hear no sound from outside. Only the buzzing of the fly, his only contact with life, gave him hope. It prevented his brain from cracking under the strain.

When rescue came and Lumley saw his fly soar away into freedom, there were tears in his eyes.

Two Dogs Killed With

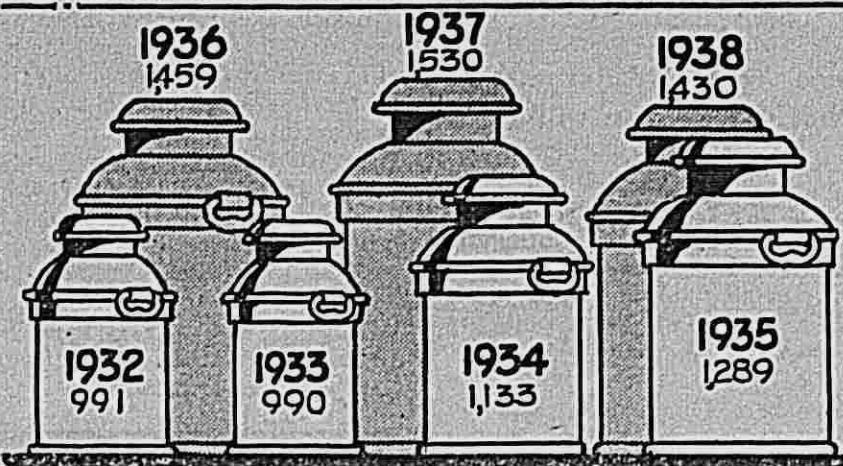

Same Gun in Same Way

CHARLES TOWN, W. VA.—David Shoemaker of Rippon accidentally killed two valuable hunting dogs—both setters—within the last week—in the same manner and with the same gun, but on separate occasions.

The dog belonged to him, the other to his brother. In each instance he was attempting to restrain the restive dog by holding it back with the barrel of the gun when the gun was discharged accidentally.

After the second accident, Mr. Shoemaker gave away his gun.

Milk Leads Farm Cash Income

The rising tide of farm cash from milk has added nearly \$440,000,000 to the dairy farmers' income since the low of 1933. Figures on the milk cans show total farm cash income for each year in millions of dollars.

MILK led all products as the largest single source of farm cash income in 1938 with a total of \$1,430,000,000. This was only 6.5 per cent less than the 1937 figure of \$1,530,000,000 according to the Milk Industry Foundation and was \$440,000,000 greater than the low of 1933.

"All farm cash income dropped 12.9 per cent, government reports show, from \$8,208,000,000 in 1937 to \$7,150,000,000 in 1938, excluding government payments," the statement said.

"These figures show the importance of milk as a mainstay of farm purchasing power. They are particularly impressive because milk production was estimated to be from 4 to 5 per cent greater during the year and sales of fluid milk

were down approximately 4½ per cent from 1937.

"Milk delivered to homes and stores in bottles, which brings farmers the highest price, probably would have suffered greater consumption declines but for determined efforts by milk distributors to push sales.

"Cash income from milk is also important as it is chiefly cash paid monthly to farmers," the Foundation points out, "and this is cash that is used in the current purchases of merchandise and supplies.

"The milk industry is a huge buyer and milk distributors and producers in many markets account for one of the largest single outlays for cars and trucks, feed, oil, gas, tires, groceries and other supplies."

WONDER CHILD IS TALENTED PIANIST AND GOOD DANCER

Three-Year-Old Is Further Along Now Than Many Adults Ever Get.

SALT LAKE CITY.—Beverly Beru of this city has an intelligence quotient that rates her as a baby genius. She is a gracious, charming little girl, with big, dark eyes, curly hair, and a cute juvenile nose.

Stepping into the home of her parents, Mr. and Mrs. George D. Beru, we find the recently discovered child genius at the piano.

We ask if she would mind playing for us a bit.

"Certainly not," says Beverly, who is obliging as well as lovely. And she plays a very pretty piece, and plays it well.

We request a dance, and Beverly kindly does a ballet. She also sings in a sweet voice.

And she's smart as well as talented. For in a recent intelligence test, she scored a mark which stamps her really as an intellectual phenomenon.

Well, you ask, what of it? Aren't lots of girls smart, pretty and fairly good dancers, singers and pianists?

Sure. But not many are so accomplished at the age of three. That's all little Beverly is; just three years old.

Classed as Genius.

She's classed as a genius.

The intelligence test she took was one previously given to two of her sisters in their psychology class at the University of Utah, where they are students.

Beverly scored an intelligence quotient of 185. A normal score is 100; a mark of 150 is rare, and a rating of 185, according to professors at the university, betokens a phenomenon.

Beverly is the youngest in a family which includes two brothers and two sisters, all students at the university.

Her artistic talents lean toward music and dancing. Already skilled at the piano, she is studying the ballet in a class of children twice and three times her age.

"We don't want to advance her too rapidly," says her mother. "And we are trying to develop her physically as well as mentally. That is largely the reason for the ballet lessons and some gymnastic training she is getting."

"She has a fine musical ear and a good sense of rhythm—experts predict she will have a remarkable singing voice."

Reads Newspapers.

Beverly is vitally interested in current events, and reads the newspapers closely in the mornings.

"Beverly," says her mother, "picks up the most remarkable things. She learned to talk before she could walk, and now she carries on long conversations with anybody in the family who will listen, though she is somewhat shy with strangers."

The little child likes bath salts and perfumes and is in a hurry to grow up so she can use makeup, like her sisters.

Goodness knows where she'll grow to. She's further along now than many adults ever get.

Scout Training Help to Boy With Severed Artery

POCATELLO, IDAHO.—Elwin Arnell, former St. Charles Boy Scout, told in a report to local scout headquarters how his training in first aid had saved his life.

Arnell, who now lives in Logan, Utah, related to scout officials that while he was working on a farm a team of horses he was driving became startled and ran away. The broken end of a hay rake

tongue pierced the main artery in his leg. Arnell recalled that two men working with him knew nothing of treatment for such wounds.

He directed one to go for a doctor and directed the other to exert pressure just above the wound with his hands to stop the spurting of the blood.

In his report Arnell said: "The puncture was so high it was impossible to use a tourniquet, so Mr. Hersch, who was with me, looped his hands above my leg and stopped the blood from spurting until the doctor arrived."

The doctor praised Arnell for his coolness in directing the first aid procedure and said had the puncture been a fraction of an inch to one side it would have been impossible to stop the bleeding.

Rabbits Can Swim

Contrary to general belief, rabbits can and will swim. True enough most of them don't like to... and with the exception of the swamp rabbit they swim as little as possible... when they have to go into the water to elude pursuit, they usually give a tremendous leap to carry them as far out as possible... so they won't have to swim any more than is necessary, says the American Wildlife Institute.

First Mail System
A Parisian served Paris and her suburbs with mail long before governments went into the post office business. In the year 1653 one M. de Villayer put up boxes in the busiest streets of Paris and ornamental wrappers bearing his coat of arms for sale in stores. All one had to do was to buy a wrapper in a store, just like a stamp today, put it loosely around his letter and deposit in one of the marked Villayer boxes. Collections were made twice daily, brought to a central headquarters and then distributed, the wrappers being taken off and used again.

Composed 'Rock of Ages'
"Rock of Ages," one of the most popular hymns, was composed under unusual circumstances. In 1775, in England, says Collier's Weekly, Augustus Toplady during a storm took shelter in the cleft of a large rock at Barrington Coombe in Somerset and while waiting for the rain to stop, wrote this famous song on the only piece of paper he could find, a playing card, the six of diamonds.

AMUSEMENTS

"LULU BELLE" BACK

Local barn dance fans will welcome back that gum chewin' gal, Lulu Belle, and her husband, Skyland Scotty, who will appear in person on the Kenosha theatre stage Friday, March 3. This will be their first stage appearance in this section since their return from Hollywood, where they have completed work on their motion picture, "Shine on Harvest Moon." The picture will be shown as the screen attraction together with their stage appearance. The Hayloft Fiddlers, long favorites of listeners of the WLS barn dance, will also appear with Lulu Belle and Scotty.

Waukegan Observes Its Eightieth Anniversary

The eightieth anniversary of the founding of Waukegan was observed last Thursday. The settlement was originally known as Little Fort. It stands on the site of a trading post established by the French some time around 1695 or the early 1700's. The fort itself is believed to have stood originally at what is now the junction of Sheridan road and Water street.

Puppet Show Is Given for Round Lake P. T. A.

A puppet show, "Our School Hero," was a greatly enjoyed feature of the Round Lake P. T. A. meeting Tuesday evening at the school. The puppets were made by children of the school, who also originated the play. Mrs. Louise Crawford, recreation supervisor at Antioch and Round Lake, assisted in the presentation. The Antioch Recreation committee also hopes to organize a puppet troupe here, Mrs. Crawford states.

The Terrapin War
Because trade with other countries was cut off, opponents of the war of 1812 called the government a terrapin, from that creature's habit of withdrawing into its shell. They consequently called the war the Terrapin war.

Eccentric Bees Puzzling
Scientists who know bees are puzzled by their eccentricities when hunting nectar. Even white clover, top notch source of nectar, fails to tempt bees in some parts of the United States.

Finds Pin Lost in Lake for Ten Years

BATH, N. Y.—Mrs. B. O. Chapman has her diamond-set breast-pin back after losing it 10 years ago.
It was found by Frank Storm of Bradford, who, while painting a cottage near here, was attracted by a flash in Lake Lamoka near the shore.
Investigating, he discovered the long-lost pin.

PLAN TO USE SOUND FILMS AS EVIDENCE

Way Is Paved by Conviction of Drunken Driver.

DETROIT.—It was cleared by establishment of a precedent, Detroit's police department needs only funds to launch one of the most comprehensive and accurate systems extant of obtaining convictions through presentation of sound film evidence.

Having obtained the conviction of a drunken driver, Joseph Florence, through use of a moving picture which showed him reeling and projected his voice speaking in the thick-tongued speech of the intoxicated, only an "angel" is needed to provide the funds necessary to equip properly a division devoted entirely to recording and filming evidence.

The groundwork was laid by Lieut. F. E. Broom of the accident prevention bureau.

Another great aid talking pictures would be to police comes under the head of protecting "confessions" made to police soon after crimes are committed.

"It is common for defendants to gain a not guilty verdict despite an early confession, claiming they confessed under duress," Broom said. "If we can show juries talking pictures of defendants making their confessions, pictures of which will show the condition of the defendant at the time of the confession, we will be in a good position to eliminate this type of thing."

"The defendant can't argue with his own words and actions."

The legal side of the practice of presenting filmed evidence was defended by Assistant Prosecutor Richard Nahabedian, who obtained Florence's conviction in traffic court, who said:

"The fundamental object of all testimony in the trial of a case is to re-enact or portray for the jury all the proceedings upon which action has been brought. In other words, the witness attempts to draw a word picture of the happenings, in order for the jury to 'see' what actually did transpire."

Police Hunt Murderer

Among 2,000 in Hospital

LONDON.—The murder of Arthur Izzard, 34-year-old inmate of Chatham mental hospital, near Canterbury, who was robbed and beaten to death in the grounds of the asylum, is presenting a difficult problem to detectives and psychologists.

Police are seeking to find the murderer among the 2,000 inmates, while doctors are endeavoring to prevent the innocent 1,999 from being upset by the investigations. They fear that the crime might provoke other patients to homicide, should the facts of the murder become known.

Izzard, who was regarded as almost normal and soon to be released, was on his way to town to buy delicacies for his fellow inmates. He carried less than \$5 in coppers and silver in a small cotton bag. This was missing when his body, the head crushed, was found in the hospital cemetery.

Patrolman Finds Time to Mold Bullets Into Toys

ST. JOSEPH, MO.—"Mold your bullets into toys" is an injunction that would seem slightly "cock-eyed" to modern dictators and war propagandists, but it is one that Patrolman Martin McNally of St. Joseph follows.

As he attends his traffic duties in the city, McNally finds time to dig into his pocket and bring out a toy soldier or other metal plaything, which he has molded for a young friend.

"You can do more good with lead this way than shooting it at some one," he said.

He gets most of his lead, which he holds at home, from the police station and the pistol range.

The recipients of his toys are youngsters of the city, rich and poor alike.

Boy Sings and Prevents

Panic in British Theater

MANCHESTER, ENGLAND.—A 13-year-old boy prevented panic when fire broke out in a theater here.

Scores of women and children, half-choked with smoke, ignored the pleas of the manager that they remain seated, and fought to get out of the building.

In an attempt to stop the stampede an attendant put a record on a gramophone.

Joseph Green, 13, stood up and shouted: "Let's all join in," and he began to sing "My Bonny Lies Over the Ocean." Those crowding out stopped and sang, too.

In a few minutes the fire was out.

VET, HAPPILY WED, DISCOVERS SON HE NEVER HEARD OF

Strange Story of Aftermath of World War Reads Like Fiction.

DEMOTTE, IND.—A strange story of two women, two continents, two decades and two men—one of the men being the son of the other, has been revealed here and the home folks hardly know what to think.

In the first place, it is a story about Roy Odle, who went to the World war from here and came back and married. It was 18 years ago that he got married, and he and his wife have been getting along, making a comfortable living, taking part in the social life of the town. They have been like millions of other married couples in the small towns of America.

Letter From Germany.

What makes the story worth telling is a letter that Roy got from Germany. It reminded him of the time, just after the war, when he was a member of the army of occupation. It reminded him of a girl he met in Germany in those days, Anna Kuehl. It reminded him of a brief love affair with her that ended—so far as he knew—when the rest of the soldiers were sent to Russia and he, having broken a leg in an accident, was sent back to America.

At home he forgot the war days, until the letter came. It was from the girl, Anna.

She told Roy that he was the father of her son. And she inclosed photographs taken at various ages, from babyhood, through childhood and into young manhood. One was of the boy in a cadet's uniform.

In any event Roy would have believed. For he knew Anna, knew she would tell the truth. But even if proof had been desired, he would have been convinced by the pictures.

The German girl, it turned out, being separated by fate from the father of her son, never had turned to any other man. She is still Anna Kuehl. And, being honest, she gave her boy the only name that was hers to give—her own name. He is Wilhelm Kuehl.

Roy read the letter twice. Then he put it in his pocket and went home to his wife. He showed it to her and she read it—twice. She looked at the pictures.

Looks Like Father.

"He looks like you, Roy," she said. "He's a fine-looking young man."

Roy had hoped—he had really known—that his wife would take it that way.

"We ought to do something about it," he said. "You know how bad things are in Germany these days." "You are right, Roy," his wife said.

So Roy and his wife communicated with their congressman. They borrowed money from the bank. They sent the money for Wilhelm Kuehl to come to the home he never had seen. And he did cross the ocean and his father did see him—but at Ellis island. That was as far as the immigration laws would permit. The authorities were sympathetic, but the law is hard.

Roy's son had to go back to Germany. But Roy and Roy's wife, have not given up.

"I'm told," said Roy, "that if I can formally adopt my son it will be possible to bring him home. I'm looking into that."

"We'll manage it, Roy," his wife said.

Student House Maid Is

Razzied but Likes His Job

ALBANY, N. Y.—Being a housemaid is a swell job for a boy working his way through school, says Thorpe DeVoid, 18 years old, and a freshman at State College for Teachers. He washes, irons, cooks, dusts and mops at the home of Rev. Percival Kinkema and his wife.

"I needed board and lodging and this is the first job I heard of. I got it and I'm mighty glad of it," he says. "It certainly beats tending furnaces and lawns or jerking sodas. And when I get the supper dishes done, I have the evening to myself with time for my studies."

Thorpe can take all the kidding that comes his way. "A lot of college girls, including some I don't know," he says, "call me up and kid about my job. Some of them have asked me to get in touch with them when I finish school."

Wife Tramps Snow S O S

To Save Stricken Trapper

EDMONTON, ALTA.—A trapper's wife tramped out a huge "HELP" in the snow beside her cabin home in the Far North and attracted a transport pilot who flew her stricken husband to Whitehorse, Yukon, for medical aid, according to reports reaching here.

Radio messages said that Pilot Sheldon Loucke had sighted unusual markings in the snow near an isolated cabin far from Whitehorse. He circled lower and saw the distress signal.

Loucke landed to find the husband was suffering from blood poisoning and took him to a hospital at Whitehorse. The reports indicated that the man, whose name was given as Norquist, would recover.

Round Lake Issues Ping-pong Challenge

Antioch and Libertyville ping-pong teams have been challenged by Round Lake to meet players of that community in tournaments some time in the near future.

The Antioch ping-pong tournament which was to have opened here this week is being delayed somewhat because of the illness of some of the players. The teams hope, however, to be able to take up the Round Lake challenge as soon as they have played off their local games.

LEGAL NOTICE

ADJUDICATION NOTICE
PUBLIC NOTICE is hereby given that the undersigned Sarah Alice Waters, Executrix of the Estate of William Elbridge Sheehan, deceased, has fixed upon Tuesday, the 2nd day of May A. D. 1939, as the return day for the hearing of all claims against the above named Estate. All persons having claims against said Estate are hereby notified and requested to attend the Probate Court of Lake County, Illinois, on said date at ten o'clock A. M. for the purpose of having said claims adjusted.

SARAH ALICE WATERS.
Samuel Schein, Attorney,
